PROFILE

Results-oriented and highly skilled .NET developer with over 5 years of hands-on experience in designing, developing, and maintaining robust and scalable software applications. Proven expertise in the full software development life cycle, from requirements analysis and design to implementation, testing, and deployment.

Adept at collaborating with cross-functional teams to deliver high-quality solutions that meet or exceed client expectations.

WORK EXPERIENCE

CitiusTech Healthcare Pvt. Ltd.

Technical Lead | Pune, Maharashtra | November 2021 - Present

- Design scalable and efficient software architectures that accommodate future growth, optimizing system performance and security.
- Contribute to both front-end and back-end development, ensuring seamless integration and a cohesive user experience.
- Create detailed technical documentation, including architecture diagrams, API documentation, and user guides, to facilitate smooth project transitions and knowledge sharing.
- Provide technical guidance and mentor-ship to junior developers, fostering their growth and promoting a culture of excellence within the team.
- Work collaboratively in Agile/Scrum teams, participating in sprint planning, stand-up meetings, and retrospectives to deliver high-quality software within project time-lines.

Sankalp Computer & Systems Pvt. Ltd.

Sr. Software Developer | Pune, Maharashtra | February 2020 - November 2021

- Involved in high-level design, handling technical designs and complex application features using ASP.Net MVC technology and RDBMS.
- Created Web API, Services and complicated SQL stored procedures.
- Implement product features that are secure, scalable, robust and easy to maintain.
- Promote improvement for software development practices, processes and standards with consideration of quality, innovations and productivity.
- Integrate software components and third-party programs.

Plexitech Technologies Pvt. Ltd.

Software Developer | Mumbai, Maharashtra | April 2019 - January 2020

- Collaborate with internal teams to produce software design and architecture.
- Plan, design, schedule, write & debug database stored procedures and queries.
- Resolved technical problems in application programs by troubleshooting and proper resolution.

CAREER HIGHLIGHTS

- Experience in the IT industry in analysis, design, development and Implementation areas in .NET systems, Internet/Intranet based web Applications, Client Server Applications. Strong in development and design of commercial and business applications.
- Hands on experience in .NET using C# and SQL Server and Object-Oriented Analysis & Design.
- Experience on Web Services and REST API.
- Facilitated daily stand-up meetings, sprint planning, sprint reviews and retrospectives.

TRAINING AND CERTIFICATIONS

- AZ-900: Microsoft Azure Fundamentals, 2023

TECHNICAL SKILLS

ASP.Net MVC Web Services jQuery	ASP.Net Core 6 MVC SQL Microsoft Azure	REST API Angular JavaScript	EF Core & Dapper .Net Microservices Microsoft Power Automate
---------------------------------------	--	-----------------------------------	--

PROJECTS

Project 1: CitiusTech PGS & QMS System Portal
Period: August 2022 - Current
Role: Technical Lead
Technologies: ASP.Net Core 6, REST API, Angular 14, SQL, EF Core, Azure

- Developing a robust web application for managing Project Governance System and Quality Management System using ASP.NET Core for the backend and Angular for the frontend.
- Implemented a RESTful API for handling user authentication, transaction management, and report generation and utilized ORM for seamless database interactions, ensuring data integrity and scalability.
- Set up CI/CD pipelines using Azure DevOps to automate the build, test, and deployment processes.
- Following Agile methodologies, breaking down the development into sprints for iterative improvements.
- Conducting regular code reviews to maintain code quality and consistency.

Project 2: PGS to Digite System Integration
Period: December 2021 - May 2023
Role: Technical Lead
Technologies: .Net Core REST API, SQL, Azure, Power Automate Flow

- Spearheaded the design and implementation of a project governance system to streamline and oversee downstream data integration processes.
- Collaborated with cross-functional teams to establish governance policies, ensuring compliance with organizational standards and best practices.
- Led the planning and execution of data integration tasks, from data mapping and transformation to system testing and deployment.

Project 3: MyNextHire to DW to RMS System Integration
Period: May 2022 - December 2022
Role: Sr. Software Developer
Technologies: .Net Core REST API, SQL, Azure, Power Automate Flow

- Designed and implemented end-to-end data integration solutions for requisition management system, ensuring seamless connectivity with other enterprise systems.
- Collaborated with business stakeholders to gather and analyse data requirements, translating them into actionable integration strategies.
- Led data mapping, transformation, and cleansing processes to maintain data quality and consistency.

Project 4: CentriCT to Project Governance System (PGS) Integration
Period: December 2021 - Current
Role: Sr. Software Developer
Technologies: ASP.Net MVC Web API, SQL, ETL, Azure Logic Apps

- Led the successful implementation of CentriCT integration to streamline data management processes and enhance data accuracy and accessibility across the organization.
- This integration project aimed to centralize data from various sources, enabling real-time insights and reporting for improved decision-making.

Project 5: MLM and E Commerce Software
Period: February 2020 - November 2021
Role: Sr. Software Developer
Technologies: ASP.Net MVC, REST API, SQL, ETL

- Developed and implemented core features of the Ventaforce MLM system, including user registration, commission calculations, and downline management.
- Collaborated with the product team to gather and analyse requirements, translating them into technical specifications for MLM functionalities.
- Conducted regular system audits to ensure compliance with MLM industry regulations and guidelines.

TOOLS AND SOFTWARES USED

Visual Studio 17/19	SQL Server Management Studio	Visual Studio Code	Bitrix
Jenkins	Microsoft Azure	Microsoft Power Automate	NUnit
GIT	Postman	Jira	Swagger

EDUCATION

- Bachelor of Engineering**

Govt. College of Engineering, Karad
Satara, Maharashtra

Graduated, July 2016
Marks 66.38%

- HSC**

Yashwantrao Chavan Institute of Science, Satara
Satara, Maharashtra

Graduated, July 2012
Marks 70.33%

- SSC**

Chandrakant Dangat Patil School, Pune
Pune, Maharashtra

Graduated, July 2010
Marks 90.18%

PERSONAL

Birthday: May 15, 1995
Gender: Male

Address: Shriram Hou. Soc. B7, Plot no - 2,
Wadgaon Sheri, Pune - 411014
