Name of Certification: Salesforce platform Developer I

Name of Certifying Agency: Salesforce

Date of Obtainment: 25/03/2021

### **Salesforce Project:**

**Project Name: Book My Trip**

Platform : force.com

Language: apex, visualforce

Project Description:- This application is used to book a Trip and calculate a car mileage and also calculate a car traveling distance. The main aim of this project is to design the application using Salesforce.com. Implementation of this Book My Trip application is using an admin configuration in Salesforce.com

### **Academic Projects:**

#### **1) Creation of snake game in C**

Project Description:- The snake game is based on 2D graphics using simple C functions. In this snake game the snake is continuously moving in a decided boundary. In this boundary some foods and obstacles are present; the snake must have to eat food by avoiding the obstacles. If the snake touches the obstacle or boundary, the game is over.

#### **2) Smart Stick for Blind Person**

Project Description:- The smart stick for blind person is useful to walk in the predefined area locations by avoiding the obstacles. In this predefined area some sensors are mounted which communicate with the sensors mounted on stick and through this communication the rotations are decided. Through this communication the blind person is guided.
