## SUMMARY

Working as a Microsoft Dynamics NAV/ 365 Business Central Technical Consultant at Levtech Consulting Services India Pvt Ltd. The NAV/BC Developer position combines the roles of Associate, Developer and Consultant in one. Used to develop and implement solutions through Business Process Analysis, and deliver improvements to Technologies, Systems and Organizational structure ensuring high levels of functionality.

## EXPERIENCE

**LEVTECH CONSULTING SERVICES INDIA Pvt. Ltd.** 08/2019 – present  
Bangalore// *Technical Consultant – NAVISION / Business Central / LS-Retail*

Working as a Technical Consultant of Microsoft Dynamics NAV/Business Central and LS Retail. Got multiple opportunities to work on Full life cycle implementation of Latest ERP Solution MSD Business Central Wave 2 and On Prem Version at Client Site (Dubai). Implemented all the required modules and developed Rdlc Reports as per client's expectations and worked on their quick feedbacks. Also got chances to work on LS Retail (POS) Projects. Implemented 2-3 full ERP project based on Business Central and worked on modules of approx. 10 projects including NAV, Business Central on prem and cloud, and LS Retail.

Got an opportunity to visit On Site (Dubai-UAE) for 3 months, Got appreciation from Client, Manager and Director.

Interacted with the Users/clients of 9 countries during UAT session observed their expectations and feedback about the projects/software what makes user happy and saves time of the user.

## RECENT PROJECTS

1. Huda Lighting (Dubai, UAE)– Based on Business Central Wave 2 On cloud. Implemented all the required modules (Order Processing-Sales Purchase, Warehousing, Logistics, Inventory Management) Developed Customized Role Center and cues. Implemented Notifications requirements for sales purchase and logistics and CRM integration through web services.

2. Atlantic Maritime Group Dubai – Based on Business Central Wave 2 On Cloud

3. MOKA General Trading LLC, Dubai – Navision 2018 and LR Retail.

And worked on Modules of – Swiggy India, NAZIH Dubai, Joanna Fashion Dubai. Etc.

**METAOPTION LLC SOFTWARE PVT. LTD.** 06/2018 – 07/2019  
Noida // *Microsoft Dynamics NAV/365 Business Central Technical Consultant*

Worked as a Microsoft Dynamics NAV/365 Business Central Technical Consultant that requires the understanding of Programming as well as it requires the knowledge of MS SQL, Understanding of Windows PowerShell Command, Basics of IIS, Dot.Net as Dynamics Navision has the inbuilt libraries of Dot.Net in order to achieve out of the box functionality and provide the best and easiest solution to the client. I used to work on 6 ERP projects in MetaOption LLC, all are based on ERP and warehousing also I used to provide the L3 support to the client in order to make the technology better for the users.

I have worked on all the objects of Navision i.e Page, Tables, Rdlc Report, Codeunits, Queries, API and Web Services Integration to the Dynamics Navision and Business central.

**THE BASICS DIGITAL SOLUTION PVT. LTD.**

07/2016 – 03/2018

Indore // *Java Developer*

Worked as a Java Developer at The Basics Digital Solution Private Limited. An Organization where I got the chance to work on Spring MVC using Advance Java, HTML, CSS, JavaScript, JQuery, MySQL on Apache Tomcat Server with the help of Ubuntu Operating System. Got a chance to work on Lead Management System and interacted with the Clients, Provided L3 level support to the clients and created multiple APIs to integrate the current system to multiple External source of Leads like Facebook etc. Created modules to send notification to the users via SMS and Email as well. Worked on User and well as Admin Panel in order to make the entire system easy to use.

---
