Total work experience 5 Years 3 Months

## **TECHNICAL SKILLS**

- Corejava
- Spring

KEY SKILLS

java design patterns servlets multithreading JSON Spring Collections javascript core java Web Services sql

"

**Senior Software Engineer** 

prateek bhatter

Java Developer with a Master's in CS with 5+ years of Java Development experience. I have deep working knowledge in Springboot, microservices, REST API development, and web and applications development using multiple frameworks.

#### **PROFILE SUMMARY**

Over 5+ years of experience in all phases of Software Development Life Cycle (SDLC) and development of Client/Server and Web applications. Strong programming skills and development experience in JAVA1.7, J2EE, WebServices, Spring 2.5/3.0, Hibernate 4.0, JSF, JDBC, XML Schema and XML,AWS. projects. Conversant with Java Web Service APIs such as JAX-RS and JAX-WS and also other implementations like Jersey. Experience with Cl/CD practices and tools (Git.) Extensive Experience in developing server-side components: Enterprise Java Beans like Session beans, Entities . Expert in Core Java with in-depth knowledge of Core Java concepts such as Multithreading, Synchronization, Collections and Event/Exception handling. Experience with Spring Boot and Microservices. Experience in Agile Scrum, Agile RUP and Waterfall Project development methodologies. Possess excellent communication skills and can handle responsibilities independently as well as proactive team member and ability to work i

# **EDUCATION**

### WORK EXPERIENCE

Deat		
Rest	Feb 2022 - Mar	O Senior Software Engineer
Postgres Nosql	2024	Iris Software
Redis		Following Agile methodology and scrum meetings to
HTML		undertake development with 4 weeks sprint cycle. ??? Working on development activities using both java 7 and
CSS		Java 8 using Spring framework ???Worked on debugging
Hibernate / Jpa		and solving core issues in existing projects using spring
		batch and struts. ??? Worked on designing batch jobs to
JPA		automate processes. ??? Hands on experience with making UI changes to better user interaction and added features.
JSP		???Worked on Email alert services for the errors in
Struts Framework		applications. ???Worked extensively with java 8 features like
Maven		Lambda expression and stream API???s. ???Used GIT for
Springboot Java		code repository purpose. ??? Experience with design patterns like singleton, Factory and adapter pattern. ???
		Hands on experience with using serialization in one of our
AWS		application. ??? Good understanding of working in Linux
Kubernetes		based environments.
Docker	Apr 2021 - Sep 2021	Senior Software Developer
Spring Batch	2021	Ness Technologies
Microservices		Worked on Implementing and integrating REST API, with
JUnit		multiple client services. Worked on Adding email and SMS features for the application to be triggered on multiple
		events. Worked on Springboot and microservices
React.js		architecture. Worked on SQL and Mongo DB.
