POSITIONS OF RESPONSIBILITY

I am a mentor at the web development committee I started at my college teaching and guiding over 50+ students with UI Development/Front-end technology and tools for free.

As a disciplined defense personnel's son I've always been humble and mature at my work and have an accepting nature.

I've been a leader in many projects at my school and college times. I've also given speech on motivation and also I'm an anchor.
