## CERTIFICATIONS

# MUKESH KANDASAMY

## SENIOR SALESFORCE DEVELOPER

## WORK EXPERIENCE

### Mindtree Ltd – Salesforce Developer, Jun - 2018 - current

Exposure on Agile/SCRUM methodology spanning various phases of software development life cycle with focus on Salesforce CRM.

I have worked on various salesforce clouds, such as Sales, Service and Community across multiple projects which helped the customers in successful implementation of business solutions. Across these projects, I was responsible for Analysis, Development, Test and Deployment of the requirements. Implemented end to end Salesforce Solutions using Configuration and customization with APEX Class, Triggers, Lightning (Aura and LWC) etc.

I have hands-on experience on Einstein Analytics, built datasets, recipes and designed dashboards

Explored Mulesoft Anypoint Studio and Integrated salesforce instance with Mulesoft connectors and published on cloudfoundry.

Developed LWC open source application and deployed on Heroku Platform.

## KEY IMPLEMENTATION

**Next Gen Customer Portal** - for world's leading specialist in air transport communications and information technology company

- Setting up Customer Community for seamless user experience and better management of subscriptions and cases.
- Key responsibilities were, Developing Lightning component for invoice download & search functionality and scheduled e-invoice services.

**Brain App Enhancement** - for the world's largest cosmetics company

- Configured service cloud live chat, live message (Managed Package) and Omni-channel for service rep's to assist their customer with their queries, concerns and provide quick resolutions seamlessly.
- Developed Lightning Web Components (LWC) for quickly closing of multiple duplicate cases raised during COVID19 with a single click.
- Designed and developed more detailed reporting on case handling, specific to emails and queued cases which involved showcasing Customer wait time, Agent handle time, Response percentage, Queue time.

## PERSONAL DETAILS

**Full Name** – Mukesh Kandasamy

**Date of Birth** – 05-11-1996

**Nationality** – Indian

**Valid Passport** - Yes

**Languages Known** – English, Tamil,  
Kannada

## HOBBIES

- Painting
- Music
- Reading blogs

**Care Plus** - for the world's most innovative home appliances manufacturer

- Implementing the service cloud based support center for service rep's to lessen the resolution time and boost their productivity.
- Key responsibilities were, integrating with one of the Korean API, which will reduce the overhead of service rep's performing address validation using REST API.

## ACHIEVEMENTS
