PROJECT SUMMARY

Project Name: "**Rallypay**"

Description:

RallyPay's unique payment tools and omni-channel infrastructure are designed to enable fundraisers and direct marketers to increase donor/sales conversion, upsells, and data retention. While our tools are used by a multitude of for-profit entities, RallyPay's roots are

in social impact and we are proud to have enabled millions of individuals and organizations support their passions, provide solutions to problems, leverage social networks, and mobilize communities.

Contribution:

- Worked on Upgradation of the project from Rails 4 to the latest version Rails 6
- Created Restful http services to Interact with UI.
- Written test cases using Rspec for the Api's.
- Implemented and enhanced CRUD operations for the applications using the MVC Model View Controller architecture of Rails framework and Ruby conducting code reviews.
- Utilized Object Oriented Programming in JavaScript and DOM structure to implement various functionalities
- Utilized Object Oriented Programming in JavaScript and DOM structure to implement various functionalities

Project Name: **"PARAS" (Healthcare Information Management System)**

Description:

PARAS is a one-stop solution for healthcare**.** It covers the end to end life cycle of patient care within healthcare services like Out/In patient registration, patient search, episode registration for each instance, tests and result history, patient diet planning, prescription record, patient feedback, Doctor's time management, Doctor's availability management, operation theater management, lab, kitchen, radiology center management, pharmacy, store management, Billing, Bill settlement, Administrative controls, Report management, Medical Records, Patient Records. To understand the requirement from the client and then design the front end and back end as per the requirement. Web page designed using Ruby on rails technology and I deal with different functionalities like registration of patient ,booking appointment,cancellation appointment, pharmacy billing, bill finalization.

Project Experience Summary:

Client #1:

Client   : **Mauritius Govt. Hospital(ENT Hospital)**
Technology   : Ruby on Rails, HTML, JavaScript, Jquery, AJAX, CSS, PostgreSQL Database.
Duration   : May 2018– Sep 2020
Module   : Billing
Role   : Team Member

Contribution:

- Interacting with the clients for gathering the project requirements

- Discuss the functional specifications with the Functional Consultants.
- To check the log level errors and give a fix if needed.
- Involved in database design, Writing data access logic, control logic and view implementation.
- Implemented Major functionalities like:

> Implemented Webcamm functionality while doing Patient Registration.
> Implemented Patient OPD Card with QR code.

Client #2:

Client   : **AktivOrtho**
Technology   : Ruby on Rails, HTML, JavaScript, Jquery, AJAX, CSS, PostgreSQL Database.
Duration   : August 2017– Sep 2020
Module   : Billing
Role   : Team Member

Contribution:

- Involved in Application and Entity modeling design as per the specifications.
- Bug Fixing.
- Interacting with the clients for gathering the project requirements.
- Production Support and Maintenance.
- Implemented major functionalities like:

> Implemented GST Functionality.
> Implemented New reports like, Advance and payment report, and

Bill report for the particular patient specific for this client.

Client #3:

Client   : **Shanti Mukund Hospital(SMH)**
Technology   : Ruby on Rails, HTML, JavaScript, Jquery, AJAX, CSS, PostgreSQL Database.
Duration   : March 2016– Sep 2020
Module   : Billing
Role   : Team Member

Contribution:

- Interacting with the clients for gathering the project requirements
- Discuss the functional specifications with the Functional Consultants.
- To check the log level errors and give a fix if needed.
- Contributed and developing QR Code Functionality for this client.
- Production Support and Maintenance.

PERSONAL DETAILS

Date of Birth	:	10th June1990.
Father's Name	:	Mahesh K
Marital Status	:	Single.
Nationality	:	Indian

DECLARATION

     Hereby I assure that all the above information is true to my knowledge, and when given an opportunity, I will render my best co-operation for attaining the goal of the organization.

Place : Bangalore

Date :   **(Raviteja K)**
