Education

Bachelor of Technology (Information Technology), JNT University, Kakinada, India
July 2009 — July 2013

Current Location
Hyderabad, Telangana, India.

Certifications

UiPath Advanced Developer

Automation Anywhere Advanced Developer V11

Python for Data Science

Machine Learning with Python

How to build chatbots with IBM Watson Assistant

Strengths

Proactive, Accountability, Communication, Leadership, Teamwork, Problem Solving

Professional Summary

- A Highly motivated, hardworking and skilled IT Professional having around **7 Years** of experience including **1.6 Years** of On-Site (**United Kingdom**).
- **3+ years** of experience in Robotic Process Automation (**RPA**) with **UiPath** and **Automation Anywhere.**
- Played a key role to set up the RPA standards i.e. process standards, documentation standards, automation best practices, bot development framework **(Custom RE Framework)**, deployment strategy and implementation Plan for RPA project during my **on-site** experience.
- Actively involved in understanding business requirements and preparation of BRD's, SDD's and Handover documents of complete process implementation.
- Involved in different phases of **RPA lifecycle** Conducting due diligence, Requirements gathering, Solution design, Development, Testing, Integration, Implementation, code review and Maintenance.
- Headed the role of identifying new automation opportunities or creating automation pipeline by interacting with business users and taking process walk-throughs.
- Conducted feasibility check for lot of business processes, Developed PoC's and demostratrated to the stakeholders.
- Automated **25** processes & deployed using **UiPath, Automation Anywhere** and **Microsoft Flow** and Saved **8000+ hours** a year of manual effort.
- Have automated processes which involved **Web, windows, SAP, Oracle, Citrix, DB, Alteryx, FTP, PGP Encryption, PDF, Excel, Rest API's**, **PowerShell**.
- Worked on Reading Scanned PDF's, Handwritten text using **Azure Congnitive service - Microsoft Computer Vision API** and **Amazon Textract service.**
- Worked on a **POC** in RPA that involved **Natural Language processing (NLP)** using **Python integration with UiPath**
- Have implemented bot monitoring tool using C#.Net Win Forms and Windows service.
- Worked on orchestrator API's to create and manage dynamic schedules in Orchestrator.
- Knowledge on creating chatbot - dialogue flows in **IBM Watson Assistant**
- Good in maintaining coordination with Onshore and Offshore teams in various aspects, resolving queries and establishing a smooth communication channel with the client.
- Good in interacting with business and technical delivery teams to ensure smooth and successful completion of the project.

Technical

- UiPath and Automation Anywhere Advanced certified
- C#.Net, Vb.Net, Python, Javascript,VB Script,HTML, MS SQL server
- Basics of Machine Learning
- Dialogue flow creation using IBM Watson Assistant
- Azure Cognitive Services

Employment Chronicle

- Tech Mahindra (2017 – Present)
- Wipro Ltd (2016 – 2017)
- Syntel Ltd (2013 – 2016)

Noteworthy Highlights

- 2 times Global GSK Recognition Award - for my contribution towards setting up RPA environment and standards.
- Global GSK Recognition Award - for the successful implementation of RPA project with best and optimised solution
- Earned SPOT award for being active in identifying the RPA use cases with in business unit.
