## EXPERIENCE

### AVEVA Solutions, Hyderabad — CRM Technology Specialist

JUNE 2018 - PRESENT

I am currently responsible for doing R&D and maintenance work for the enhancements to the existing Salesforce systems requested by customers in a planned release format.

## PROJECTS

### Salesforce Enhancements

My responsibility as a part of this project is to do R&D on the new functionalities introduced by Salesforce and update the system if required. The other part of the project is to deal with the customers related requirements to enhance the system. Some of the main requirements that I developed are as follows.

1. Creating a custom application for Product Search in Salesforce.
2. Data Migration of existing code from D365 CRM to Salesforce CRM system.
3. Developing custom lightning components, triggers, admin related configurations using APEX programming.
4. Doing the Devops for the projects end to end to release the changes in a well organised manner.

## EDUCATION

### University of Petroleum and Energy Studies (UPES), Dehradun — Bachelor's in Technology (B.Tech)

MAY 2014 - JULY 2018

Completed my Bachelor's in Technology in Computer Science Engineering Sp. in Open Source Software and Open Standards(OSSOS) with a CGPA of 2.98 (out of 4.0).

### Hans Raj Model School, Punjabi Bagh, Delhi

APRIL 2012 - MAY 2014

Completed my 10th with 9.8 CGPA and 12th with 88% from this school.
