PROFILE SUMMARY

Motivated Full Stack Java Developer with a solid foundation in Java programming and web development. Proficient in core Java concepts and experienced in Spring Boot, Spring MVC, Hibernate, Data JPA, and Servlet. Skilled in frontend technologies including HTML, CSS, and JavaScript and React. Strong problem-solving abilities and a passion for creating efficient and user-friendly web applications. Seeking opportunities to contribute to real world projects and grow as a Full Stack Java Developer.

KEY SKILLS —

- Core Java8
- SpringBoot
- Restful Web Services
- Hibernate
- Spring Data JPA
- Spring IOC
- Microservices Basic
- Junit
- MySQL
- MongoDB
- HTML
- CSS
- Javascript
- React
- Postman
- CI/CD Jenkins
- AWS
- Python

EDUCATION —

MTech -Computer Science & IT
Department of Technology SPPU, Pune.

BE-Computer Engineering
K. K. Wagh College of Engineering, Nashik.

Diploma in Computer Technology
K. K. Wagh Womens Polytechnic,Nashik.

PROJECT

Product Management System

- Developed a full-stack product management system using Spring Boot, Spring Data JPA, and RESTful webservice.
- Implemented CRUD operations to manage products and categories in the system.
- Designed a user-friendly frontend using React, HTML, CSS, and Bootstrap, ensuring responsive layout and intuitive user experience.
- Integrated Axios to communicate with the backend API endpoints and handle data exchange.
- Conducted API testing and validation using Postman to ensure system functionality and data integrity.

Seminar Hall Booking System

- Developed a web-based Seminar Hall Booking System to streamline the process of reserving seminar halls. The system enables administrators to manage bookings, View All Bookings, Update Booking Status such as approved or rejected. Send Notifications to Department.
- Enabled departments to update their booking details, such as the event name, date, and time. Displayed a list of all bookings made by the department.

Technologies used:

- Backend: Core Java, SpringBoot
- Database: MySQL
- Frontend: HTML, CSS, React

EXPERIENCE

Developer / Trainer

South Indian Education Society, Mumbai Jul 2019 - Present

- 4 years of training and development experience.
- Conducting practical sessions on core java, python, SQL, data structures, and object-oriented programming.
