Career Objectives:

I believe in the impact of aesthetics. With my passion for Usability and Simplicity, I solve visual problems. As an enthusiastic UX and UI Designer, I create strong brand and product experiences. With more than 7 years of experience in the fields of branding, communication, UX and UI I create an impact on the growing complexity in the digital age.

Work Experience:

- Currently , working as "Senior UI / UX" with **Eli Lilly and Company**, Gurugram.
 - Designing, deploying, validating and supporting Veeva CRM & Vault including PromoMats, QualityDocs
 - Depth of knowledge of all Veeva systems, including Veeva Vault Hands-on across the suite of Veeva tools
 - Review and approve promotional and non-promotional materials across different therapeutic areas and brands in Veeva Vault PromoMats to ensure that materials are of high quality and in compliance with the SFDA Code of Practice.
 - Review materials against a checklist, proof-read and check medical content/claims against references.
 - Perform in-depth research on disease background and understand the business need thoroughly
 - Create and apply design strategies across branding and product design. Refine design directions and finalize design details. Lead the planning and structuring of deliverables.
 - As a UX/UI design lead, I am responsible for ensuring the successful delivery of all client projects by managing the design process.
 - Create user flows, user interfaces for new and existing products
 - Design mockups and low and high-fidelity dynamic prototypes
 - Generate new ideas and features in the existing projects
 - Create graphics for mobile applications: ui elements, animations for developers, illustrations for different applications
 - Communicate with developers to ensure the accurate implementation of design
 - Produce aesthetically rich User interface designs in Sketch, Invision or Adobe XD for web and mobile applications.
 - Experience in designing, building, and maintaining Web applications with jQuery, HTML5 and CSS3
 - Ensure that the final results of implementation meet design requirements
- May 2018 - July 2020, working as "UI & UX Expert" with Gridinfo.com , Gurugram
 - Managing digital interactions across various touchpoints to ensure seamless customer flow & Identification of customer pain points for further resolution
 - Follow best practices and standards for accessibility and cross-browser compatibility
 - Creating dashboards for making this
 - Understand executing accessibility and progressive enhancement presentation
 - Experiment with colours, effects, patterns, typography, icons etc.
 - Expertise in Design Tools Adobe XD, Photoshop, Illustrator
 - Maintain standards and processes for producing deliverables
 - Creating and maintaining the ASP.NET based websites and their web applications as per the initial guidelines of the client.
 - Proficiency in contemporary interaction design, visualization, and rapid design prototyping tools.
 - Integrate front-end application with the application business layer.

- August 2016 - April 2018 , working as “Web Designer” with 3EDMC , Gurugram.
 - Create graphics and designs for websites.
 - Visualize and design user interface for web and mobile applications.
 - Conceptualize ideas that bring simplicity and delight to the customer.
 - Gather feedback from teams and follow an iterative process.
 - Maintain standards and processes for producing deliverables
 - Creating and maintaining the ASP.NET based websites and their web applications as per the initial guidelines of the client.
