## ACADEMIC PROJECTS

### Mini Project : I-Dream Career(Android Application)

I-Dream career is a career guiding android application. This application helps the students in making their career out of their interests and skills where they are best at. So instead of searching the hundreds of websites to make a career plan this app provides all the required data at one place which will be helpful in making a right decision on their finger tips.

### Major Project : Digital Vehicle Verification Using Qr Code

This project aims at implementing a vehicle document check system where databases and documents are retrieved by the traffic police by their smartphones using Qr code and the physical documents are not needed to be carried along thereby saving time in document verification.

## TECHNICAL SKILLS
