PROJECTS

Automatic Question Paper generator for self assessment

It is a web-based project in which users can write the test online and analyze their preparation standards. These tests will have questions generated automatically and the level of difficulty gets modified by success rate of users attempting questions.

Eckovation IIT BOMBAY (virtual) - Web Development & SEO Analytics

I developed a website for school children in the aptitude section.

DevmenIT Hackathon

Participated DevmenIT (Microsoft Partner) Hackathon Digital India conducted by Microsoft IT India
