--1st place in South India Karate Championship, Nandyal, 2007

POSITIONS AND RESPONSIBILITIES

Designer - IEEE NPSS Chapter, VIT

Team Lead - Multiple projects of academic subjects, VIT

Event host - Zero Emission day 2k16, Foodys, VIT

PROJECT

Image Processing using Matlab — VIT May 2018

Title : Identifying no. of persons in a group photo

Technology used : Matlab

Role : Team-lead

The project code identifies the distinctive persons based on the skin tones and facial structure. Background disturbances is initially eliminated. This project could successfully give the count of persons in a group photo consisting of about 50-100 persons

Laser Security System— VIT March 2018

Title : Object detection and alarm notification

Technology used : Arduino, IOT devices

Role : Team-member

The IOT system detects the person who is passing in between the laser light. It then sends an immediate notification to the owner's smartphone and continuously logs and monitors data for further analysis to suggest improvements under safety regulations.

Unlimited Shopping mall(ERP) — VIT March 2018

Title : Shopping Mall website using php

Technology used : Wampserver

Role : Team-lead

The project is to create a website using the wampserver and then providing the login credentials and then allows the user to purchase the products that are available in the inventory and this is also connected to the database so as to verify the demand of the products and then allowing the admin to provide the stock in inventory.

EDUCATION

Master of Technology – JUNE JULY 2015 - MAY 2020 **7.66 CGPA**

Vellore Institute Of Technology, Vellore

Integrated course -Software Engineering Department

Intermediate Education – JULY 2013 - APRIL 2015 **91.5 %**

Sri Chaitanya Educational Institutions, Vijayawada

Subjects : Mathematics, Physics, Chemistry (MPC)

State Board of Intermediate Education, Andhra Pradesh

Secondary Education – JULY 2008 - APRIL 2013 **9.0 CGPA**

Good Shepherd English Medium School, Nandyal

Board of Secondary Education, Andhra Pradesh

TECHNICAL INTERESTS

Web pages development, Software management and Block chain technology

STRENGTHS

Communication skills, honesty, dream-achiever, adaptability and dedication.
