## **Projects:**

### **ALU:**

**African Leadership University** or ALU is a network of tertiary institutions with operations in both Mauritius and Rwanda with a bachelor's degree.

I am working on a client project as a Lead Salesforce Developer where I suggest the architecture, design to the client and also responsible for the development part and which is about create and maintain the student admissions and post admission processes and assisting students in all possible ways using the Salesforce Technology with its best practices. I work as a team leader and received recognition many times from the client and from the company. Extended my help and shared my knowledge with other colleagues irrespective of the project. And worked on Apex Classes, Test Classes, Webservice classes, Triggers, LWC, VF Pages, VF Components, Integrations, Async Apex, Formstack, Survey Monkey Apply, Payment Gateway Integrations and configurations side as well.

### **CMI:**

**Canadian Mortgages Inc.** is one of the fastest growing mortgage companies in Canada which offers residential, commercial, construction and private mortgage financing all across Canada.

Worked as a Salesforce Developer on this project where I help client with the Sales Cloud implementation side and have worked as a team player and received recognition multiple times. And worked on Apex classes, test classes, triggers, VF Pages, VF component, formula field and validation rules.

### **GiveSmart for Salesforce Connector: Product**

**GiveSmart** is part of Community Brands, the leading provider of cloud-based software to associations, nonprofits, faith-based groups, and K-12 schools.

Worked as a Salesforce Developer and GiveSmart for Salesforce Connector is a product available on AppExchange on which I have worked as a salesforce developer and worked on async apex, apex classes, test classes, batch apex, webservice classes and integrations and App.

### **Salesforce Associate, Celebal India Solution Pvt. Ltd., Jaipur, Rajasthan**

4th Nov. 2019 – 22st August. 2020

I joined Celebal as a Salesforce Associate and underwent fundamental training in Salesforce stream while working on a project as an associate. My role was to learn application functionality and use analytical and technical skills to complete provided user story. I have developed my analytical skills, communication skills and professional behavior while working with a great team. I have also undergone Salesforce fundamentals self-learning as part of an internal program. Received appreciation for multitasking and showing great progress. Apart from project deliverables I have contributed in various other activities too.
