Snehal Pradip Kedar

 snehalkedar8@gmail.com | 7387734882 | Pune, 411041

Project Synopsis

- **4** years of experience in implementing **C# & OOPS** in .NET technologies.
- **Asp.net, Asp.net MVC 4/5, Ado.net, Entity Framework, .NET Framework 4.5, Web Api**
- Having good knowledge in OOPs Concepts and implementation of SOLID Principles and Design Patterns.
- Extensive experience with SQL Server writing stored procedures and queries.
- Actively participated in team's technical discussions.
- Ability to manage multiple projects simultaneously.
- Experience working with **JIRA** tracking tool.
- Communication skills and the ability to work efficiently, quick learning & working with new technologies to fulfil project needs.
- Knowledge of object oriented Analysis, Design and N-Tier Architecture. Familiar with testing tools Postman.

Technical Proficiency

`

- **Programming Languages:** C#, oops.
- **Web Technologies:** MVC, .Net Core, ASP.Net, Ado.Net, Web API , Xml, LINQ,Entity Framework, HTML, CSS.
- **Database**: SQL Server 2019.
- **Scripting languages:** Java Script, Jquery, Bootstrap.
- **Development Tools:** Sql Server 2019, Visual Studio 2019.
- **Operating Systems** Windows.
- **API Testing Tools:** Postman.

Professional Experience

Designation: Software Engineer

Organization: Neosoft Technology Pvt Ltd, Pune

Duration: Mar 2023 to Dec 2023

Project Title: Paytm Integration

Front End: HTML, CSS, JQuery.
Technologies: C#, Dot Net Core,MVC 5, Web API 2, Entity Framework.
Database: SQL Server 2019

Description :

Integrated Paytm's Payment Gateway API to enable secure and efficient payment processing for users. Developed a user-friendly checkout page where users could input payment details, choose product processing, And initiate transaction. Managed call-back updates to ensure timely synchronization of transaction status from Paytm API. Implemented robust security measures by transmitting API request over secure HTTPS connections and validating responses using checksums. Utilized debugging tools and logging practices for efficient troubleshooting and issue resolution.

Responsibilities

- Actively participating in **daily standup call** meetings.
- Giving suggestions for story implementations.
- Done peer review and code review within team and for parallel teams.
- Used **JIRA** as a project management and issue tracking tool.
- Creating and maintaining feature **branches on TFS.**
  Participate in design and technical discussion.
- Involved in database table designing. Improving database efficiency by writing stored procedure, Function in SQL.
- Developing Web Pages Using MVC.
- Assisted in the testing and deployment of application from UAT and Production environment.

Designation: Software Engineer

Organization: Neosoft Technology Pvt Ltd, Pune

Duration: Nov 2022 to Feb 2023

Project Title: Ozonetel API

Technologies: C#, Dot Net Core,MVC 5, Web API 2, Entity Framework.
Database: SQL Server 2019

Description :

This API is developed to store call information from Ozonetel. After call is completed ozonetel sends calls information to risk server via SB(ServiceBus).

Responsibilities

- Actively participating in **daily scrum** meetings.
- Giving suggestions for story implementations.
- Done peer review and code review within team and for parallel teams.
- Unit testing and system integration testing of the developed code.
- Creating and maintaining feature **branches on TFS.**
  Participate in design and technical discussion.

Designation: Software Engineer

Organization: Globeminds Technology Pvt Ltd, Pune

Duration: Sep 2019 to Sep 2022

Project Title: Placements Motion

Front End: **HTML, CSS, JQuery.**
Technologies: **C#, MVC 5, Web API 2, Entity Framework, JavaScript.**
Role: **Team member**

Description :

This application is designed and developed to make college student interview process very easy so they can maintain all data at single place and it's beneficial to maintain all history. This application has multiple users like TPO, SUB TPO, Student, Company HR, Interviewers. Every user has their own roles and responsibilities. This application has medium complexity. Because multiple user roles and their registration process makes this application more complex.

Responsibilities

- Actively participating in **daily scrum** meetings.
- Giving suggestions for story implementations.
- Done peer review and code review within team and for parallel teams.
- Used **JIRA** as a project management and issue tracking tool.
- Unit testing and system integration testing of the developed code.
- Creating and maintaining feature **branches on git.**
  Participate in design and technical discussion.
- Involved in database table designing. Improving database efficiency by writing stored procedure, Function in SQL.
- Developing Web Pages Using MVC.

Education & Credentials

- Obtained Bachelor of Engineering (B.E.) in Electronics & Telecommunication Engineer from RTMNU University.
- Completed H.S.C. from the Maharashtra State Board.
- Completed S.S.C. from the Maharashtra State Board.

Personal Information

- **Date of Birth:**   24 August 1994
- **Nationality:**   Indian
- **Marital status:**   Unmarried

- **Gender:** Female
- **Languages Known:** English, Marathi and Hindi
- **Hobbies:** Listening Music, Playing Badminton
- **Strength:** Dedicated towards my job, Positive thinking…
