- Eclipse based SAP BW/4HANA Query Designer, SAP BW Query Designer, Bex-analyzer, Restricted key figures, Calculated Key figures, Structures, Variables, Exceptions, Conditions. BO reporting in Web Intelligence, SAP Analysis for Office, SAP Analysis for OLAP
- Worked on hybrid scenarios using Native HANA as data mart and BW4HANA and consumption of HANA models in BW and BW models in HANA. Worked extensively on BW Modeler, BEx Analyzer, BEx Query Designer. Exposure to AMDP
- Have a very good exposure to BW reporting tools like SAP Business objects 4.2, Analysis for Office. Exposure to DataSphere.
- Worked on SAC, creating stories using the Bex Query – adding different types of charts, calculated columns, restricted measures, creating data models. Exposure on the data & User security in SAC, types data connections & business content.
- Cutover activities such as maintain transport list, monitoring objects transport movement, coordinate with Basis team, post-validation of objects after technical cutover.
- Played key role in preparing plan, per-test, post-test, and final confirmation from business for the Greenfield implementation.
- Data Extracting from the source system through LO Cockpit extractors, ACDOCA extractors, Generic Extractions and Flat File for all forms of data

## TECHNICAL SKILLS

### Data Warehouse

SAP BW4HANA  
SAP BW On HANA  
SAP BW 7.4  
SAP BW 7.3

### Data Migration

SAP BODS

### SAP Reporting Tools

SAP Business Objects 4.2  
Analysis For Office  
SAP Analytics Cloud  
SAP Mobile Business Intelligence

### ERP

SAP R/3  
SAP S4HANA  
Cloud for Customer

## SKILLS

### Decision Making

### Analytical Thinking

### Team Building

### Interpersonal Communication

### Time Management

## CERTIFICATION

SAP SAFe Practitioner 5.0
