Devansh Srivastava

Full Stack Web Developer

SUMMARY

Highly astute web developer with a knack for cultivating long-term relationships with company clients. Strong creative and analytical skills. Team player with an eye for detail. Looking for a suitable position with a company where I can prove my mettle and apply the knowledge that I have gained over the years. On my part I can assure you of my hard work.

PROFESSIONAL EXPERIENCE

Project Engineer

Aug '19 - Present

Wipro Limited

- Responsible for the development and implementation of web applications based on client's requirement.
- Participated in pre project analysis and technical assessments to ensure the creation of a user-friendly interface.
- Improved business-critical API's performance by identifying poorly performant queries and enhance them.
- Worked to make project secure by checking vulnerabilities provided by Zap tool.
- Taken initiative to make our project responsive.
- Build reusable code that could be utilized in other projects.
- Managing project and web strategic planning along with the entire team.
- Consulted regularly with clients on project status, enhancement, proposals and technical issues.
