## Summary

1)Project lead/Developer -Spark-Java spring boot

2)Data Engineer-Data migration

3)Big data developer

TOTAL EXPERIENCE: 14.5 Years

Education UG: B.Sc.-Chemistry,

Education PG: MBA-IT

Total Experience IT (Information Technology): 6.11 years,

Experience In ERP (Enterprise Resource Planning): 2.5 Years,

Experience in Hadoop: 4.00 years

Total Non-IT Experience: 8 Years,

Languages Fluent: English, Hindi, Marathi

1)Project lead/Developer -Spark-java spring boot application development- ETL rewrite/treatment engine team- Spark, Java, Spring boot, Ab-Initio, IntelliJ

2)Big data/Data engineer- Data migration-On-Prem to AWS (Amazon Web Services) cloud –POD4

HDFS (Hadoop Distributed File System), Oracle, AWS, SCT, PostgreSQL native data transfer tools.

## Experience

### Data Engineer

Mphasis

Aug 2021 - Jul 2023 (2 years)

DATA ENGINEER

MPHASIS LIMITED

AUG-2021-JUL-2023(2 years)

WORK EXPERIENCE:

- Data migration On-Prem to AWS (Amazon Web Services) cloud
- HDFS (Hadoop Distributed File System), Oracle, AWS SCT, PostgreSQL native data transfer tools
- Involved in all phases of project initiation, resource Interviewing and hiring, Architecture understanding High level, low level architectural design.
- Proposed Solution, designing, Documentation.
- Involved in extracting customer's big data from various data sources like Hadoop HDFS form tenant data center.
- Transferred HDFS data to AWS S3 with the tools DHCP, JADE, SQOOP, PUTTY AWS SCT tool.
- Transferred On-prem Oracle data to AWS S3 by suing AWS SCT tool.
- Used number of AWS services like EMR, EC2, S3,VPC, IAM, Aurora Postgres, Glue, Athena, Glacier,Lambda, CCloudwatch, RDS, Redshift and so many.
- I can Develope and maintain a data pipeline using Databricks and Python to process and analyze large datasets
- PySpark to transform and aggregate data
- Spark SQL to query data • Delta Tables to store data in a reliable and scalable way

## PROJECT LEAD SYSTEMS/SPARK-JAVA-SPRING-BOOT APP DEVELOPER

- Development environments DEV, SIT, UAT, PROD, Solution Documentation, Requirement analysis, Development, Testing, Deployment, Client Demo's, Code reviews, Task assignments.
- Spark java spring boot application development repository to repository using Ab initio job.
- Agile, Jira, Confluence pages, Sprints, Daily scrum meetings
- Spring MVC architecture, Spring boot Architecture, REST API, Spring Microservices
- Performed unit testing by using Junit 4 and Mockito
- Code reviews, Demos with client • Understanding, Jenkins CI/CD, Docker, Kubernetes • AI tools chat.openai.com, debugcode.ai, formula. Dog, domo.com, ChatGPT, bard.ai, promptengineering, GCP, compute engine, cloud SDK, cloud storage, cloud SQL, dataflow, operations, Bigquery, Google Kubernetes engine, cloud shell Spark, Java, Spring, Spring boot, Hadoop, HDFS, AWScloud,

## Programmer analyst

### Cognizant

Aug 2016 - Jul 2020 (4 years)

QNXT Software :

As a Sr. Associate handling daily tickets processing with SERVICENOW software and Billing activity with

QNXT Software includes client requests like related premiums, Addition of ACH, Removing of ACH, Transfer payment, Split payments, Refunds, Daily Reports generations of cash posting, Underpaid cash,

Overpaid cash, Daily Reports upload on SharePoint

FACETS Software

Demographic and billing related activities same like QNXT

Qiclink Software

## Sr.Executive (Medical Billing)

Exl service.com (I) Pvt.Ltd

Jul 2010 - Dec 2014 (4 years 6 months)

EXL is a U.S. company that has been in operations since 1999. Which headquarters are based in New York City

Responsibilities I Have experience on

## **Education**

### **cloudera-edupristine at symbiosis pune**

Big data and Hadoop, Developer

2015 - 2015

### **Udemy**

Learning remotely Associate google cloud engineer

### **Bharati Vidyapeeth University Pune**

Master of Business Administration (M.B.A.), Information Technology NAd Marketing

2006 - 2008

Academic Project development

### **Shivaji University**

Bachelor, Science

1996 - 1998

B.Sc(Chemistry)

### **Indian Institute of Remote Sensing (IIRS), Indian Space Research Organization (ISRO)**

Certificate course, Basics of Remote sensing, GIS, GNSS technology and its Applications

Jan 2021 - Present

Basics of Remote sensing, GIS, GNSS technology and its Applications from ISRO India

## Licenses & Certifications

**Introductory course on Big Data and Hadoop** - Cloudera-Edupristine

BDPUN23AUG2015

**Introduction to Critical Infrastructure Protection Certification** - OPSWAT

Academy

Issued Nov 2022 - Expires Nov 2023

6nvngwceztjtx

**DIPLOMA IN ENVIRONMENT HEALTH AND SAFETY MANAGEMENT** - UniAthena

Blockchain ID 471273758649

## Skills

Amazon Web Services (AWS) • Data Engineering • Big Data • Hadoop • Java • Spring Boot • Microservices • Apache Spark • Python (Programming Language)
