Work Experience

Director of Technology

Corbett Preparatory School of IDS - Tampa, FL - Sept 2020 - Present

- Overhauled the network architecture to increase security through a VLAN refresh and updating routing tables. Increased access time to services by upgrading to Gigabit Cisco Switches, Cisco Meraki Wifi 6 Access Points, and Configuring Load Balancing on a SonicWall Firewall.
- Managed a team of four to deliver support to staff and students. Used Spiceworks to manage tickets and maintain an average incident response time under 2 working days.
- Reduced security risks by adopting NIST system access policies and improving web filtering capabilities a Cloud DNS Filtering solution over a Barracuda on-prem web filter.

IT Engineer

Dentsu Aegis Network - NY, NY - Jan 2020 - Aug 2020

Dentsu Aegis Network - Dubai, UAE - June 2017 - June 2019

- Collaborated with Finance to maintain local financial applications, and to automate database health checks to detect data entry errors using Microsoft PowerBI.
- Maintained core infrastructure such as Networking Devices, Security Systems, and Application Servers using SEIM, SCCM, and Putty.

Education

Master of Science in Information Technology - Cyber Security Track

SUNY Empire State College - Saratoga Springs, NY- Sept 2020 - Present

Bachelor of Science in Electrical Engineering - GPA: 3.98/4

American University in Dubai - UAE, Dubai - Sept 2013 - June 2017

- Received The School of Engineering Undergraduate Award for attaining the highest academic standing in the school of engineering.
- Chaired the IEEE Student Chapter at AUD for engineering events and student activities.

Skills, Softwares, and Certifications

Software: Latex, C++, ARM Assembly, O365, Azure Active Directory, Domain Controllers, LDAP, SCCM. ServiceNOW, SEIM, Meraki Cisco, Putty, SonicWall, Citrix Xen Virtualization, VMware, PowerShell, NWEA Testing.

Languages: English (Fluent), Arabic (Native), French(Basic).

Certifications: IELTS: 7/9. Comptia Sec+ SY0-501.
