Experience

THE WEB PLANT (APRIL 2021 - APRIL 2022)

- Developed and maintained responsive web applications using React.js and Redux.
- Collaborated with cross-functional teams to implement new features and improve existing functionalities.
- Translated designs and wireframes into high-quality code, ensuring optimal performance and usability.
- Conducted thorough testing and debugging to identify and resolve issues in a timely manner.

NEFRA INFOSERVICES (NOVEMBER 2019 - MARCH 2021)

- Collaborated closely with UI/UX designers to translate design concepts into interactive and visually appealing user interfaces.
- Integrated third-party libraries and APIs to enhance application functionality and provide seamless user experiences.
- Implemented state management using Redux, improving application performance and ensuring efficient data flow.
- Participated in code reviews, providing constructive feedback and adhering to best practices.

Courses and Certifications

Back end Development (2023)

March-September

FunctionUp

- Acquired in-depth knowledge of Node.js, Express.js, and MongoDB through a comprehensive training
- Demonstrated proficiency in building RESTful APIs using Node.js and Express.js, enabling efficient server-side development.
- Developed a strong understanding of MongoDB database design and querying techniques, ensuring effective data storage and retrieval.

Front end Development(2019)

March-September

Tech Altum

- Mastered HTML, CSS, and JavaScript through a comprehensive certification course, gaining a solid foundation in front-end development.
- Developed expertise in React.js and Redux, enabling the creation of interactive and dynamic user interfaces.
- Demonstrated proficiency in implementing responsive design techniques, ensuring seamless user experiences across different devices and screen sizes.
