

# KISHOR KUMAR SHARMA BHAGAVATAM

## SUMMARY

---

Data Analyst & Product Owner in Fintech industry. As a Data Analyst-skilled in Data Analysis, Reporting and as a Product Owner-skilled in Requirement Gathering, Business Analysis, Product Roadmap, Agile Product Development & Stakeholder Management

## EMPLOYMENT

---

### **Yodlee Infotech Pvt Ltd** **Data Analyst**

Bangalore  
June 2018 to Current

Defined and built an AI-based data ingestion system (AIM) for Yodlee's financial data aggregation product.

- Crafted bottoms up requirements for AIM based on customer needs, market research & potential business impact and internal feedback from downstream teams.
- Created product roadmap for AIM & co-created product design in collaboration with UX team; led feature development & prioritization
- Improvised on legacy aggregation system which is resulted in reducing at least 20% of total product development cost & made the system suitable for non-engineers which thus reduce in variable cost at the organization level.
- Automated bug analysis reports for AIM and other products helped reduced in bug ageing from 10 days to less than 5 days & improved development velocity from 13 to 5 story points and also production bug escapes are gradually improved

### **Quality Analyst**

Bangalore  
July 2017 to June 2018

Improved quality process for the Yodlee's Financial Wellness product comprising quality checks across the data platform, financial apis and financial web apps ( Finapps).

- Improved quality of data used for testing the product by QA engineers which is increasing the test results and identifying the issues in the product before deployment in to production thus reduced in no of production bug escapes.
- Enriched Test Automation Service by enhancing the testing scenarios of the Yodlee's financial web applications ( Finapps)

### **WNU Investment Services Private Limited** **Financial Analyst Intern**

Bangalore  
June 2016 to Aug. 2016

- Advised clients on Mutual Fund Selection, investment proposals, Portfolio Analysis and Personal Financial Planning.
- At the organisation level, I have maintained client data and performed portfolio audit and analysis.
- Represented the firm in various official meetings with Asset Management Companies to track NFOs (New Fund Offerings) Fund portfolio structures and key differentiators.

### **EZEOne - TalentMicro Innovations Pvt. Ltd** **Digital Marketing Intern**

Bangalore  
Jan. 2016 to Feb. 2016

- Marketed EZEOne, which is GPS based shop locator mobile application which helps customers to identify the nearest shops for the services they need.
- Employed digital marketing strategies for EZEOne, which resulted in 200 new users over a 30 day period.
