

WORK EXPERIENCE

Senior Specialist

HCL Technologies Limited

April 2018 to Present

- Managed and maintained a global network of over 14 sites, resulting in minimized downtime of enterprise applications.
- Led network infrastructure projects for multiple clients, managing budgets up to \$500,000.
- Troubleshooting and Monitoring scalable network architectures for data centers, improving performance and increasing uptime by 20%.
- Collaborated with cross-functional teams to deliver network-related projects, ensuring adherence to project timelines and budgetary constraints.
- Managed Data Center operations, overseeing equipment procurement and vendor relationships, resulting in streamlined processes for reducing procurement costs.
- Worked on PAM Tool for password Updation.
- Collaborated with cross-functional teams to deliver network-related projects, ensuring adherence to project timelines
- Worked on multiple tools and technologies extensively on Vmware(vsphere 6.7), SNOW(service now ticketing tool), UCS(version 5.2)

Network Engineer

Energio Engineering Projects Ltd.

Sep 2015 to Sep 2017

- Assisted in the design and deployment of network infrastructures for 5+ projects, meeting client requirements and project deadlines.
- Configured and maintained network monitoring and analysis tools such as Wireshark and SNMP to proactively identify and resolve network issues.
- Installation, Configuration, and Administration of FTP, TCP IP, SNMP, DNS, and DHCP.
- Discovering, Modeling the network devices and Servers, configuration,
- Collaborated with project teams to support network-related initiatives, ensuring successful project delivery.

Network Maintenance Engineer

Alex Engineering

July 2014 to June 2015

- Provide quick resolution to problems and participate in finding root causes of issues and may work on action items to prevent future occurrences.
- Troubleshoot Routers, Switches and Servers of Data Centre and Remote locations.
- Maintain and share the Dashboard (weekly/monthly) for Applications Availability With key stakeholder.

Anuj Mathur

SENIOR NETWORK SPECIALIST

Experienced Senior Network Engineer with 9 years in Networking. Proven expertise in designing, implementing, and managing network infrastructure. Strong knowledge of industry protocols and technologies. Skilled in optimizing performance, ensuring security, and driving operational efficiency. Track record of successful project implementations.

☎ +91 9529215105 / 8764424139

📍 B-804 , Flora Heritage , Greater Noida (W) - 201306

✉ anuj.mathur90@yahoo.com

SKILLS

- Data Center Management and Operations
- Routing and Switching Protocols (OSPF, BGP, VLANs)
- Network Monitoring and Analysis (Wireshark, SNMP)
- Troubleshooting and Problem Resolution
- Network Infrastructure Design and Implementation
- Strong Analytical and Problem-Solving
- Adaptability to New Technologies
- Excellent Communication and Collaboration

Network Administrator

Effort BPO

Dec 2012 to May 2014

- Configure Allied-Telesis L2 Switch.
- Configure and Maintain Allied-Telesis L3 Switch.
- Work on HP L3 Switch.
- Configuration of P2P Link on Cisco Router.
- Upgrading Backups of Cisco Router and Switches.
- Implemented SNMP on devices to allow for Network Management
- Operate & Monitor Op-Manager.
- Work on Net Flow Analyzer.
- Work on Edraw Max for Network Design.
- Coordination with ISP and Clients regarding Links and Networks.
- Troubleshoot if any issue occurred.
- Configuration of various routing protocols which includes RIP (Version 1 & 2).

O&M Engineer

Alcatel- Lucent

Jan 2011 to Mar. 2012

- Hands on experience HUAWEI GSM-BSC & CDMA-BSC.
- Supervision of troubleshooting activities of service affecting/non-service affecting BSC, BTS alarms
- Configuring TMA's for highway sites.
- Monitoring protections for Transport at critical BSC and HUB sites in coordination with Reliance Utility & transport teams.

EDUCATION BACKGROUND

CCNA/CCNP/CCIE

Network Bulls - Oct 2017 - Mar 2018

- A+ Grade
- Advance Networking Course

B.Tech - Electronics & Communication

Jodhpur Institute Of Engineering & Technology -2010

- B.tech (ECE) From Jodhpur Institute of Engineering and Technology Affiliated with Rajasthan technical University Kota with Aggregated 67.5%

Diploma - Industrial Electronics

KK Wagh Nashik- 2007

- Diploma in Industrial Electronics with Aggregated 62.9%

CERTIFICATION

- CCNA in R&S
- CCNP in R&S
- CCIE in R&S
- CCNA in SEC
- AWS Associate
- Vmware Associate
- Nexus
- ACI

ACCOMPLISHMENTS

- Cisco Certified Network Associates (CCNA)
- Attended vocational training from State Remote Sensing.
- Major and Minor Projects in Biomedical Monitoring System.

STRENGTHS

- Creative
- Time Management
- Research and Analytical Skills
