Software professional having 6+ years of IT Experience, relevant experience of 4+ years in Salesforce domain as a developer and administrator. At the beginning of my career, I worked as Salesforce Automation testing with Selenium and Java, a support agent quantitatively for 2 years. Worked with DevOps tools like Git, GitHub desktop, Jenkins, and Copado deployment tool. Worked in manufacturing, finance, and Hitech domain, currently working as Salesforce developer at TCS(Uruguay). Acquired 7x Salesforce Certifications and 1x Copado certification. I have worked in a scrum environment following agile methodology. open to continuous learning, solving problems in a challenging situation, good team player. Looking forward to working in a progressive organization that provides scope to enhance my practical knowledge and skills following the latest trends and be a part of a team that dynamically works towards the growth of the organization.

PROFESSIONAL EXPERIENCE
