  - Solving Academic problems and projects of students all around the globe.
  - Explaining Statistical methods, theories and concept through different examples and real life examples and help them to solve their exercises through virtual Whiteboard.

- Topics covered are Linear Regression, multiple regression, statistical modeling, cluster analysis, etc.
- 

## Education :

**Master of Science -Statistics** Modern College , Shivaji nagar Pune

Project: "Study of Weather Parameters using Statistical Techniques".

Statistical Analysis Techniques used :

Multivariate Analysis -Principal Component Analysis, Cluster Analysis.

Fitting of Distribution (Test for goodness of fit)

Univariate Time Series Analysis, Multivariate Time series analysis.

Software Used: MS-Office, Matlab, Minitab, Easyfit (for fitting of distribution), ITSM (For Time series Analysis.)

**Bachelor of Science – Statistics** Sir parshurambhau college ( Pune University )

## Achievement :

2<sup>nd</sup> rank in T.Y.B.Sc. Project Competition organized by Pune University

Statistics Association (PUSA).

I hereby declare that the details furnished above are true to the best of my knowledge.

(Prajakta Sanjay Ghogardare)
