MINI PROJECT

MINI PROJECT

Completed A Mini Project on **“STAR INSTANCE TEST”** in Computer Graphics and Visualization at **Dr. T.Thimmaiah Institute of Technology KGF**

MAIN ACADEMIC PROJECT

MAIN ACADEMIC PROJECT

TITLE : FRIENDBOOK

Semester : 8th semester

Description : Existing social networking services recommend friends to users based on their social graphs, which may not be the most appropriate to reflect a user's preferences on friend selection in real life. Friendbook, a novel semantic-based friend recommendation system for social networks, which recommends friends to users based on their lifestyles instead of social graphs.

Implementation: Java

Front End Software's Used: NetBeans IDE 8.1.0

Back End Software's Used: Database-MYSQL

Coding Language: JAVA/J2EE

Operating Software: Windows XP/7/10

Location: Dr.T.Thimmaiah Institute of Technology, KGF

AWARDS & ACHIEVEMENTS

AWARDS & ACHIEVEMENTS

- Created **FriendBook** An Application Software in the Final Year Main Project.
- Actively participated in three day workshop on **“Android Application Development”** conducted by **NATIONAL APPLICATION DEVELOPER CHALLENGE,INDIA-2015** in association with **IIT-Bombay** and **ARK Techno Solution**
- Attended CDAC training (**Centre for Development and Advanced Computing**) at Old madras road, Byappanahalli Bangalore.
