WORK EXPERIENCE

MICROCHIP TECHNOLOGY, BANGALORE

Senior Salesforce Developer   June 2022 - Present

Promoted to Senior Salesforce Developer for the excellent performance.

- ▶ Performing code reviews, merging pull requests and deployment to production using Azure devops along with working on tasks assigned to me.
- ▶ Collaborating with business analysts & architects, analyzing the complexity, designing the solution and giving estimates on new modules that are to be developed for each release.
- ▶ Worked on integrating salesforce with a third party system using REST api. This also had a custom user interface developed using LWC.
- ▶ Mentoring junior developers and new college graduates on their assigned tasks

Salesforce Developer   April 2020 - May 2022

Salesforce Developer, supporting 2500+ Sales users in the semiconductor manufacturing domain.

- ▶ Worked on Sales cloud including leads, Opportunity management, Products and Quote generation
- ▶ I was a key contributor in building inhouse dev team in India and transitioning from outsourcing from external vendors.
- ▶ Developed custom aura and LWC components and asynchronous apex to meet business requirements.
- ▶ Worked on community pages to set up collaboration between internal users and partners

SLK SOFTWARE SERVICES, BANGALORE

Salesforce Developer   February 2018 - March 2020

Salesforce Developer for two projects on Insurance domain and event management client.

- ▶ On Project #1, worked on the sales process for the insurance domain. Implemented integrating Salesforce with a third party system for getting information about various plans related to plans for a prospect.
- ▶ On Project #2, worked on community pages using lightning components for an event organizing company. Whenever the client is ready to launch new products, they conduct a series of events related to a product. All the planning and information related to these events are captured using lightning components in the community page.

EDUCATION

B.E Computer Science and Engineering with an aggregate of 72%
Canara Engineering College, Mangalore   *2013- 2017*
