- **12x Certified in Salesforce.**

WORK EXPERIENCE

Company	PwC SDC, Mumbai
Duration	Jan 2019 – till
Role	Tech Lead/Solution Architect
Responsibilities	As a Solution Architect I am responsible for designing application architecture based on client requirements. As a Salesforce technical lead I handle a team of 7 people enhancing a totally custom app (base app) as per new client requirements. Challenging task is to preserve its core architecture and at the same time implement new requirements. Application UI is backbone based custom UI. Application is public facing (unauthenticated) in legal services by government of a North American country. I have implemented file upload feature by myself on public site which was challenging work. Also performed managerial tasks for project management.

Company	Deloitte India, Mumbai
Duration	Jan 2018– Dec 2019
Role	Integration Architect

Responsibilities	<p>As Integration Architect, I am responsible for designing integration between client's systems using Mulesoft as middle layer. Implementing best practices for writing custom and reusable REST services in Salesforce. Designed and implemented Java based attachments transfer tool (custom middle layer).</p> <p>Roles and Responsibilities include:</p> <ol style="list-style-type: none"> 1) Guide developers for custom web services. 2) Helping the client to implement best practices at Mulesoft side. 3) Solely developed module for custom web to lead. 4) Contributed in core salesforce development on need basis.
------------------	---

Company	Deloitte India, Mumbai

Tools & Technology	AngularJS 1.x, Javascript, CSS, SFDC, Salesforce communities

Company	Tata Consultancy Services, Mumbai
Duration	Jul 2011 – Aug 2014
Role	IT Analyst
Responsibilities	As an IT Analyst I am responsible for doing development on SFDC using Apex, visualforce and javascript for following applications 1) Contract Management Application 2) Deal Approval Tool Application. I get requirements from Business, work on user stories, attend and provide update on scrum calls. Sometimes following proactive approach I had suggested functionality change/enhancement to BSAs/Business for best user experience of applications. We work on suggested change after approval from BSAs/Business. I am responsible for architect the application design as per requirements. As a part of my job I had also worked on requirement to integrate SFDC applications with third party applications like SAP-ECC through web services.
Salesforce Tools Developed	<ol style="list-style-type: none"> 1) SOQL Runner Visualforce page – This tool allow system admin/support people to export record of any standard or custom objects by just appending SOQL query after the name of VF page as URL parameter. 2) iMacro script to automate repetitive UI interaction by SFDC admin team to automate their post refresh steps of sandboxes.

Company	Tata Consultancy Services, Mumbai
Duration	Aug 2008 – Jun 2011
Role	Performance Test Engineer
Responsibilities	As a performance test engineer I was responsible for doing performance testing using IBM Rational Performance Tester for web applications developed using different kinds of web development technology and frameworks like ASP .Net , Java, JSF, PHP, RoR. Also developed ASP.Net based Online Test System as added responsibility to harness my development skill.

EDUCATIONAL QUALIFICATION

EXAMINATION	SCHOOL/ COLLEGE	STREAM	BOARD/ UNIVERSITY	YEAR	AGGREGATE PERCENTAGE
M. Tech	M.A.N.I.T., Bhopal	VLSI & EMBEDDED SYSTEM DESIGN	M.A.N.I.T., Bhopal	2006-2008	9.02 CGPA
B.E.	Shree G.S. Institute of Technology and Science, Indore	Electronics & Telecomm.	RGPV, BHOPAL	2002-2006	68 %
HSSC (12 th)	GOVT. BOYS H.S. SCHOOL RAJGARH (DHAR)	MATHEMATICS	BOARD OF SECONDARY EDUCATION M.P. BHOPAL	2000-2001	74.67 %
SSC (10 th)	GOVT. BOYS H.S. SCHOOL RAJGARH (DHAR)		BOARD OF SECONDARY EDUCATION M.P. BHOPAL	1998-1999	73.8 %

TECHNICAL SKILLS

- i) **Programming Languages:** - Java, C#, MS Office Macro Programming in VB, , PHP, Apex Code, NodeJs
- ii) **Technology & Tools:** *GIT, IBM Rational Performance Tester, WebLoad, Web Servers- Apache httpd, Database- MySQL 5, Force.com, Eclipse, Ruby, Drupal (Content Management System), iMacro browser automation tool*

ACHIEVEMENTS

- 1) Got 4th rank in M.P. Pre Engineering Test in PH category.
- 2) Two project get selected in *Cadence Design Competition 2007*
 - I) Electronic Voting Machine using GSM
 - II) Finger print based Attendance Marker
- 3) IBM Certified Solution Designer for Rational Performance Tester
- 4) Published following research paper in IEEE during M.Tech.
