# COURSEWORK

#### UNDERGRADUATE

Operating Systems Artificial Intelligence Real Time Systems Data Mining DBMS SDI C.

# **SKILLS**

#### **PROGRAMMING**

Over 5000 lines:

NodeJs • PHP • jQuery • Javascript Over 1000 lines:

 $C \bullet C++ \bullet CSS \bullet MongoDB \bullet MySQL$ 

Freamework:

ReactJs • Express • serverless •

Mongoose

Familiar:

AWS(S3,EC2,lambda,API Gateway) •

NestJs • Docker • CI/CD • TypeScript

#### **EXPERIENCE**

#### YALO INC. | SOFTWARE ENGINEER

March 2019 - Present | MUMBAI, INDIA

- Responsible for planning and building integration solutions, custom workflows in whatsApp and fb-messenger for large Enterprise.
- Make custom solution/features on top of yalo platform using technology like nodeJs, AWS, MongoDB etc.
