A tech enthusiast looking forward to opportunities in the field of frontend development. I design and develop web applications using the latest technologies to deliver the product with quality code.

PROJECTS

Sherlock Quiz App - 20+ genre

Developed a responsive MCQ web app using ReactJS, JS and Material UI. The quiz has MCQ in 20+ genre testing your knowledge in a specific domain.

EXPERIENCE

Tata Consultancy Services — Assistant System Engineer

Jan 2021 - Present

Contributed to the BFSI unit for one of Britain's Big Four Banks. Worked on preparing critical data of user behavior in the banking sector to remove redundancies and prepare visualizations (using third party tools) for the senior leadership.

EDUCATION

JSSATE, Noida — B.Tech (CSE)

2016 - 2020 | Bachelor's of Technology (CSE) - 74.2%

CITY MONTESSORI SCHOOL, Lucknow

2000 - 2015 | Senior Secondary - 94.8%

SKILLS

React -	Proficient
Javascript -	Proficient
CSS -	Proficient
HTML -	Proficient
Redux -	Comfortable
NodeJS -	Comfortable
MongoDB -	Comfortable
Mongoose -	Comfortable
Express -	Comfortable
Git -	Comfortable
MaterialUI -	Comfortable
Java -	Comfortable
VS Code -	Comfortable
NextJS -	Familiar

ACHIEVEMENTS

Among top 10 national finalists at Social Innovation Competition organized by IIT Kanpur

Led my college's E-Cell as its Vice President and organized events catering to 1K+ individuals

SOFT SKILLS

Quick Learner
Team Player
Analytic Approach
Interpersonal Skills
Problem Solving
