- ❑ Proven ability in **giving Demos to client** . Have hands-on experience in Java.
- ❑ Good understanding of REST based web services.

## EDUCATION

**IIIT, Bangalore—PG Diploma in Software Development**  
July-2020(during)

**Government college of engineering, Amravati— *Bachelor's in Computer Science and Engineering***

June 2014 - March 2018

**CGPA: 8.24**

**12<sup>th</sup>:State Board+2 in 2014, Aggregate 83%**

**10<sup>th</sup>:CBSE 2012, Aggregate 90 %**

## KEY RESPONSIBILITIES

- ❑ Developing, designing, testing and deployment of **java code.**
- ❑ Testing and evaluating new program
- ❑ Deploying quality assurance procedure
- ❑ Training new team members
- ❑ Interface directly with the client

## PROJECTS

### German-based project

Telefonica Germany operates second, third and fourth generation mobile networks, for data connections. Beside the core business, it is one of the largest retailers for mobile phones and tablets without a SIM lock. It was the first operator offering both Apple's iPhone 4 and the iPad 2. Also, it offers hosting services for large and midsize companies, serving some well-known portals .

## SKILLS

Java	●●●●○
HTML/CSS	●●●●○
TOSCA	●●●●○
Selenium	●●●●○
GIT	●●●○○
Jenkins	●●●○○
OOP	●●●●●
API testing	●●○○○
Data structures	●●●●○
Agile Scrum	●●●●○

## CERTIFICATIONS

- ❑ SDET certified by Wipro.
- ❑ Completed Selenium Web driver with java-Basics to Advanced + Frameworks from udeemy.
- ❑ Completed Tricentis certifications. (AS1,AS2, TDS2,TDS1,AE1,RPA )
- ❑ Received the '**Automation rising star award**' from Telefonica client providing dedicated high quality deliverables.
- ❑ Completed OOP, java basics, Data Structures courses by upgrad.

## OTHER SKILLS & INTERESTS

- ❑ Communication skills – German basics, English, Hindi, Marathi
- ❑ Reading, Teaching and training people
- ❑ I also got selected as Tutor in unacademy

## TOOLS USED

**Intlej, Tosca, Selenium, Java, Oracle DB, Putty, SVN, JIRA ,eclipse, JFM, WinSCP**

## TECHNICAL EXPERIENCE

### Java Automation Developer

- Designing, building and maintaining Java-based applications & websites
- Contributing and taking part software and architectural development activities
- Developing well-designed, efficient, and testable code
- Conducting software analysis, programming, testing, and debugging
- Troubleshooting and resolving the reported issues and replying to queries in a timely manner
- Proven ability in **Object oriented programming**. Have hands-on experience in the top **development tool like Intlej, eclipse**.
- Knowledge of Docker, Kubernetes and Big data technologies .
- Good understanding of CI/CD and DevOps concepts is preferred.
- A passion for testing, development, and design.
- Preparing and producing releases of software components
- Improve the code quality by implementing best practices
- Design, implement and maintain java application phases
- Conduct software analysis, programming, testing and debugging.
- Identifying production and non-production application issues.
- Develop, test, implement and maintain application software.
- Experience in Designing and executing the automation scripts using Selenium-Web Driver and Have knowledge of sprint planning, daily scrum, sprint review, sprint retrospective.
- Ability to generate Test Scenario to write Test cases, and to collect Test Data.
- Knowledge in Executing test batches and Defects Reporting.
- Expertise on Defect Reporting, Defects Tracking and Defects Life Cycle.
- Expertise on Selenium and Test Automation Process.
- Expertise in Programming Fundamentals and Features using Java language and OOPs Fundamentals.
- Good experience in Automation Tool like Selenium RC & Web driver.
- Good experience in developing the data-driven framework.
- Good experience in developing the scripts with Web driver & Web driver backed selenium.
- Experience in building & enhancing automated testing frameworks and tools.
- Good knowledge of Test management tool like Maven Build Management Tool.
- Tricentis TOSCA Certified Professional (AS1, AS2, TDS1, TDS2,).
- Design and Development of Test Automation Framework and Automation Testing Artifacts.
- Exploratory Testing using Tricentis TOSCA Tool, JIRA
- CI Tools
- Experience in Agile Scrum Methodologies
