PROJECTS :

- **SalesForce Project :**

Strength : Self

Project: Handling College Management System on SFDC

Description : College needs to manage exam, fees, student attendance, other activities. So we design college management system on SFDC with the help of Sharing Setting, Approval Process , Work Flow, Process Builder, Email template to Email about Attendance and Fees to the Guardian.

- **MAJOR PROJECT :**

Strength : 06

Project : Waste Leaf Collector and Solar Shredding Machine

Description : Agriculture production gives consideration amount of agriculture waste. Some of it recycle into the agriculture production as fertilizer while large amount remains unused and, in many instances, pose a disposal problem. Uncontrolled burning in the fuel is not only the hazardous disposal solution it also wasting useful energy with efficient collection system waste from agriculture production can be utilized as fuel for power and heat production.
