

Jayesh Balani

ASSOCIATE DEVOPS ENGINEER AT RD&X NETWORK

I am 4x AWS Certified. I have immense knowledge of AWS Cloud, I have experience in making services scalable and highly available, and have experience in automating manual tasks. Also, I have experience with Kubernetes, AWS EKS, Docker, Terraform, Shell/Python Scripting, Prometheus, Grafana, Zabbix, and Ansible. I have experience in moving on-premises infra into the cloud and making it highly available and scalable. I am currently working as an Associate DevOps Engineer in RD&X Network. I have more than 2 years of experience. I have freelanced for about one and a half years and have working experience of more than 9 months as a full-time DevOps Engineer.
