PROFILE SUMMARY

❖ An **accomplishment-driven professional** with extensive experience of **over 4 years** in **Full Stack Development** within the **IT industry**, specializing in **ASP .NET, Angular and Salesforce platforms**.

❖ Effective in **leading the ongoing Drona – Eagle 2 project** at Milesoft Software Technologies Pvt. Ltd., Nashik, Maharashtra, focusing on **ASP .NET MVC, Angular** and **various tools** for client Mahindra and Mahindra.

❖ Extensive expertise in **Agile Methodologies, Azure, and Selenium automation**, with a keen eye for detail and problem-solving.

❖ Proficient in executing **CI/CD strategies** to **optimize development processes**, resulting in efficient **project delivery timelines**.

❖ Competent in **collaborating with cross-functional teams**, utilizing tools like **Jira, Gearset, and Git** for effective project management.

❖ Expertise in **designing and deploying custom objects** and **components on the Salesforce CRM platform**.

❖ Successfully **attained enhancement in application performance** through the resolution of **GDPR compliance concerns**, leading to **improved functionality**.

❖ Possessing extensive expertise in **API integration, GDPR implementation, and CI/CD processes**, guaranteeing the provision of **top-notch solutions** for varied projects.

❖ **A prolific leader** with strong organizational, interpersonal, management, problem-solving and relationship building skills; possess **strong business acumen** and the **capacity to convert visuals into reality**.
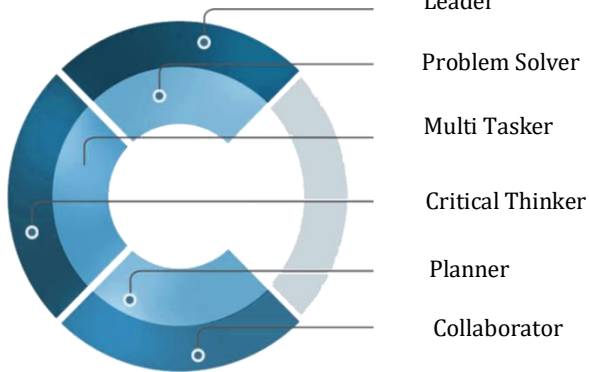

CORE COMPETENCIES

- Agile Development/ Cloud Computing
- Data Security
- Project Management
- Quality Assurance
- Risk Assessment & Mitigation
- User Experience
- Vendor Management
- Compliance Standards
- Performance Optimization

SOFT SKILLS

- Leader
- Problem Solver
- Multi Tasker
- Critical Thinker
- Planner
- Collaborator

EDUCATION

❖ **2016**: Bachelor of Computer Applications (BCA) from Pune University

IT SKILLS

❖ C#, Angular, Visual Studio, Visual Studio Code
❖ SQL Management Studio
❖ Git, MVC
❖ .Net Entity Framwork
❖ SQL (Stored Procedures)
❖ HTML, APEX, LINQ
❖ JavaScript, JQuery
❖ Microsoft SQL Server Management
❖ Web API

CAREER TIMELINE

Apr'18- Nov'21 — TIETOEVRY India Pvt. Ltd., Pune/ Maharashtra

Nov'21- Aug'22 — WEOTO Technologies Pvt. Ltd., Nashik

Aug'22- Sep'22 — Autorabit, Hyderabad

Since Jul'23 — Milesoft Software Technologies Pvt. Ltd., Nashik

WORK EXPERIENCE

Since Jul'23, Milesoft Software Technologies Pvt. Ltd., Nashik as Full Stack Developer

Key Result Areas:

- Spearheading the development and deployment of new features on the Drona – Eagle 2 project, ensuring robustness and functionality across multiple servers.
- Executing CI/CD strategies to optimize development processes, resulting in efficient project delivery timelines; providing comprehensive technical documentation and shared knowledge with the development team.
- Collaborating with stakeholders to present weekly project updates and progress reports.
- Ensuring GDPR compliance and data security measures were met, receiving appreciation for identifying and resolving compliance issues.
- Leading a team of three members, fostering a collaborative and innovative work environment; conducting regular testing to guarantee the quality and sustainability of web applications.
- Utilizing Agile Methodologies to streamline project workflows and enhance team performance.
- Attaining a significant enhancement in application performance through the resolution of GDPR compliance concerns, leading to improved functionality; implementing automated testing scripts, reducing labor hours and maximizing team efficiency.
- Collaborating with cross-functional teams to troubleshoot deployment errors and provide effective solutions.
- Implementing a new feature that resulting increase in user engagement, showcasing a strong understanding of user needs and effective development practices.

Highlights:

- Recognized for leading a team of three members in developing and deploying new features, resulting in enhanced user experience and project success.
- Received recognition for maintaining clean code practices and ensuring the functionality of web applications.
- Introduced a new Agile framework that improved project timelines, displaying a proactive approach to project management and delivery.

PREVIOUS EXPERIENCE

Aug'22-Sep'22, Autorabit, Hyderabad as Salesforce Technical Support Engineer

Highlights:

- Contributed to the Codescan project on the Salesforce CRM platform, focusing on user story creation and troubleshooting deployment errors; collaborated with cross-functional teams using Jira, Gearset, and Git for effective project management.
- Resolved deployment issues promptly to ensure seamless operations and minimal disruption.
- Streamlined deployment processes, resulting in minimal disruption and enhanced operational efficiency.
- Successfully resolved deployment errors, ensuring seamless project delivery and client satisfaction.
- Received accolades for providing effective solutions and troubleshooting deployment issues.
- Collaborated with teams to enhance project workflows and streamline version control processes.
- Ensured GDPR compliance and data security measures were met, receiving appreciation for identifying and resolving compliance issues.
- Collaborated with cross-functional teams to implement a new deployment strategy, reducing deployment time and enhancing overall project efficiency.
- Streamlined the Codescan project, resulting in decrease in deployment errors and ensuring seamless project delivery.

Nov'21-Aug'22, WEOTO Technologies Pvt. Ltd., Nashik as Salesforce Developer + DevOps

Highlights:

- Managed the Warehouse Management project on the Salesforce CRM platform, implementing Gearset CI/CD for release activities.
- Designed and deployed custom objects and components, ensuring project requirements were met.
- Collaborated with departments and customers to discuss project development and proposals.
- Implemented Gearset CI/CD processes, enhancing release activities and project efficiency.
- Developed efficient and well-tested code for various software projects, ensuring functionality and sustainability.
- Integrated server reports for performance tracking and data management, optimizing project workflows.
- Consulted with departments and customers to identify project requirements and propose effective solutions.

Apr'18-Nov'21, TIETOEVRY India Pvt. Ltd., Pune, Maharashtra as Software Developer (Full Stack)

Highlights:

- Contributed to the development of the HWE application, focusing on API integration and GDPR implementation.
- Maintained CI/CD pipelines in Azure and developed custom objects in Salesforce.
- Planned and implemented automated testing scripts, minimizing labor hours and maximizing team performance.
- Led the development of API integrations, enhancing data security and compliance measures.
- Implemented GDPR compliance measures, ensuring data security and privacy standards were met.
- Developed automated testing scripts, reducing manual effort and enhancing team efficiency.
- Conducted unit and regression tests on software modules, ensuring functionality and performance.
- Collaborated with teams to streamline project workflows and enhance team performance.
