

ANSHUL GUPTA

Full Stack Developer(MERN)

Gwalior | +91 9039315422 | <https://www.linkedin.com/in/anshul-gupta-a4a265a8/>

CAREER SUMMARY:

Over 4.5 Years of strong experience as Full Stack web developer with solid understanding of front-end technologies, MVC frameworks, Restful web services and Data Base designing. Strong knowledge in **MERN Stack** with vast experience in building Web Applications, used **React.js** for client side, **Node.js/Express** for server side and **MongoDB, SQL Server** for database.

WORK EXPERIENCE:

Global Logic

Senior Software Engineer | 08 August,2022 – Present

- Analyzed business requirement to translate functional requirement into technical requirements and developed web application using **MongoDB, Express,React.js/Redux Node.js (MERN Stack)**
- Used HTML, CSS and JavaScript to build interactive (UI) created responsive web pages using react, bootstrap framework.
- Worked on Lifecycle **Methods, State, props, and Events** to create interactive and stateful React Components, achieved routing using **react-router**.
- Designed rich featured **action creators** and corresponding **reducers**.
- Used React **Axios** to call Web APIs to fetch data from backend and update the states in the store of **Redux**.
- Adopted **MongoDB** for data storage, designed different schemas and data access services to communicate with MongoDB.
- Used **NodeJS** and **Express framework** to build server-side logic, and applied with middleware to handle http requests.
- Involved in design and development of **Restful API** and service to interact with data storage layer.
- Build reusable React components and functions to be added to future pages.
- Applied **JWT** middleware to backend for authentication for authentication and used passport for security purpose.
- **GIT** was used as code repository, **Webpack** used as module bundler, **JIRA** for bug tracking and **Jenkins** for continuous integration code deployment.
- Active participant in daily scrum meetings and involved in many phases of Confidential using **Agile methodology**.

Tata Consultancy Services

System Engineer | 04 October, 2018 - 04 August, 2022

- Ensure user satisfaction and retention by providing responsive tech support.
- Handle **scripting** tasks for debugging and automation.
- Played the role of developer in the team which was responsible for developing **REST APIs** for services which were developed with different target databases like **SAP, SFDC, AWS**.
- Automate a routine manual work for the filling the excel sheet. saved~30 mins per day using **JavaScript, HTML**.
- Having hand-on experience –
 1. Creating API proxy.

2. Testing API proxy.
3. Changing target endpoints.

- Resolve issue and escalated problems with knowledgeable support and quality service.
- Build and maintain software documentation sites using various programming languages.
- Increase productivity by using software to organize, track bug patches and add feature requests.
- Collaborate with other developers to update the website and create new features.

RELEVANT PROJECTS:

OKart-Frontend (E-Commerce Application)

Web Developer | 18 December, 2021 - 17 January, 2022

- Built an e-commerce website frontend to showcase the products by using **Reactjs**.
- Implemented the core logic for authentication, shopping cart and checkout.
- Improved UI by adding responsive design elements for uniform across different devices.
- Utilized REST APIs to dynamically load and render data served by the backend server.
- Routing users to different views.
- Deployed website to **Netlify**.

Technology used: React.js React Routing Rest Api, Debouncing, Netlify

XFlix (video entertainment platform)

Web Developer | 5 May, 2022 - 15 June, 2022

- Implemented multiple authentication schemes
- Implement core logic for routes for the different API's endpoint.
- Used **MongoDB** database for data storage using mongoDB
- Atlas.Used **Hashing** algorithm for hash the sensitive data.
- Deployed website to Heroku.

Technology used: Javascript, Node, MongoDB, Passport authentication, Hashing, unit testing

SKILLS:

- **Languages:** JavaScript, Core Java
- **Frameworks:** Nodejs, express, ReactJs
- **OS:** Windows, Linux
- **Database:** PLSQL, MongoDB

EDUCATION:

2014-2018 | Oriental Institute Of Science and Technology, Bhopal

Bachelor of Engineering - Information Technology

CGPA: 7.55(Hons)

DECLARATION:

I hereby declare that all the details furnished above are true and to the best of my knowledge and belief.

Date: 11 March, 2023

Place: Gwalior
