CAREER OBJECTIVE

To be an effective and efficient network and security professional in your esteemed organization, achieve organizational and individual goals.

PROFESSIONAL SUMMARY

3 years of experience in Core Networking on (LAN/WLAN/WAN) networks, and implementations in design and deploy functional installations, and providing the maintenance and Network Security Administration for Networking and security components.

- Hands-on experiences with multivendor Networking (R & S) products such as Juniper, Cisco, HP Aruba, BLUE COAT, Aruba Wireless, Polycom Video Conference Device, Biometric Device and Huawei devices.
- Hands-on experiences with multivendor firewall products such as Juniper SRX, FortiGate devices.
- Resolve issues with the tiers of support by troubleshooting remote and local infrastructure networks.
- Maintain complete technical documentation and Suggest solutions & improvements to network performance, capacity, and scalability.
- Assisted in IT security audits for clients/customers.
- Good understanding of the **Change Management** Process and **Incident/Escalation Management** Process with extensive experience in L1/L2 support roles.

TECHNICAL CERTIFICATION

- Juniper Networks certified Associate (**JNCIA - Junos**) – (Cert ID: **JPR00297371**)
- Juniper Networks certified Associate (**JNCIA - Sec**) – (Cert ID: **JPR00297371**)
- Juniper Networks certified Associate (**JNCDA**) – (Cert ID: **JPR00297371**)
- Huawei Certified ICT Associate (**HCIA-R&S**) – (Cert ID: **010010180803901501677**)
- Fortinet Network Security Expert (**NSE-1**) - (Cert ID: **yVTtwwc3**)
- Fortinet Network Security Expert (**NSE-2**) - (Cert ID: **0fyYsiGhCr**)

- Fortinet Network Security Expert (NSE-3) - (Cert ID: XxfVkkqGlj0)
- Certified Network Security Specialist (CNSS) - (Cert ID: 19332434)
- Python 101 for Data Science - (Cert ID: b8cba4e019fa4a68af49963fe3a454d5)

WORK EXPERIENCES

Company : Inspira enterprises India Pvt Ltd.

Location : Hyderabad.

Duration : Oct 01st, 2019 to till date.

Role : Network Engineer.

Project : SBI Data Centre – (SBI-DC).

Roles & Responsibilities:

- Providing L1&L2 support for Design, implementation, and installations of networking and security products.
- Providing premium supports for Juniper Products such as (EX/SRX/QFX/MX Series).
- Experience with remote access systems and methodologies for Customer Handling & Building across India.
- Access to tackle and resolve the network faults and providing the support for firmware upgradation to maintain the networking and firewall devices to be stable.
- Multivendor coordination for fault suggestions and system provisioning to maintain the stability of the network.

Company : Nextexpart Technology Pvt Ltd.

Location : Pan India.

Duration : Aug 26th, 2017 to Sep 30th, 2019.

Role : Network & Security Engineer

Project : ONGC – Network Implication, Biometric Devices Installation.

Roles & Responsibilities:

- Provided L1& L2 support for implementation, and installations of networking and security products.
- Experience with remote access systems and methodologies for Customer Handling & Building across India.
- Install the bio-metric devices in corporation bank and add all data in the server.
- New video conferencing devices implementation and configuration.
- Migration in ONGC network. implementation, and installations of network products.
- Installation & configuration of Aruba Wireless Device.
- Monitoring site down alarms, Power alarms through our monitoring tool and escalating to our support team as per the priority of the alarms and escalate to the next level within SLA.

TECHNICAL SKILLS

- **Protocols** –Routing Protocols (Static, OSPF, EIGRP, BGP).
- **Switching** – STP, VLAN, InterVLAN, Port Security, LACP, and EtherChannel.
- TCP/IP, OSI model, HSRP, VRRP, McLAG/MLAG, IPv4 Multicasting.
- IP addressing (IPV4 & IPV6).
- **Security** - NAT, ACL, Clustering, IPSEC, High Availability, authentication through AAA (RADIUS AND TACACS+)
- **NMS Tools** – Junos Space.
- Day to day operational support and maintenance for networking devices (Switches, Routers).
- Managing and troubleshooting of Networking issue.
- Configuring POE, Default gateway, IP address, Trunk & Access port, SSH, Telnet, FTP services.
- System administration and network administration of window server 2012 active directory, FTP, DNS, DHCP, TFTP Terminal services.
- Computer assembling, maintenance & troubleshooting hardware and software problems.
- Installing OS, installing and configuring the peripherals, components, and drivers.
- Sound knowledge of digital and analogy embedded computer hardware.

Workshop: Rewards & Recognitions

- NATIONAL NETWORK SECURITY CHAMPIONSHIP (NATIONAL CHAMPIONSHIP & ZONAL WINNER IN KANPUR IIT)
- CYBER SECURITY AND ETHICAL HACKING (ZONAL WINNER)
- ANDROID (Runner up)
- WEBDESIGN (Runner up)

EDUCATION

2014 – 2017	Diploma – Computer Science & Technology. Bishnupur Public Institute of Engineering – (WB-Bishnupur)
2012 – 2014	HS (State Board) – Science. Boramohanpur High School – (WB, Khakurda)
2006 – 2012	MP (State Board) Sarinda Sagar Chandra High School – (WB, Sasinda)

PERSONAL DETAILS

Father's Name	: Ramkrishna Sen
Date of Birth	: 01 st Feb, 1996
Marital Status	: Single
Languages Abilities	: Bengali, English & Hindi
Nationality	: Indian
Address	: Vill- Gahira, P.O- Sasinda, P.S- Belda, Dist.- Paschim Medinipur, Stare – West Bengal, Pin-721445

DECLARATION
