

HIMANSHU MEHTA

Male, 30

Email id :- hmehta58@gmail.com**Contact no.:-** 91-8826929960**Date of Birth :-** Sept. 22, 1992

Objective:-To work for an organization which will help in value addition and serve as a milestone to move ahead in my career by providing best career opportunities and harness the best of my caliber.

EDUCATION

Year	Degree	Institute/School	% / CGPA
2010-2014	B.Tech.(Electronics and Communication Engineering)	Delhi Technological University , Delhi (Formerly Delhi College of Engineering)	67.45%
2008-2009	XII-HBSE	K.M. Saraswati Sr. Sec. School , TOHANA	85.00%
2006-2007	X-HBSE	K.M. Saraswati Sr. Sec. School , TOHANA	91.20%

TECHNICAL SUMMARY

Primary Skills	NodeJs, TypeScript, JS, ReactJs.
Secondary Skills	Java, C, Swift.
Tools	Bluemix, Eclipse, Git, Visual Studio Code, AWS (lambda, step functions, cloud-watch).
Methods	Agile
Domain Experience	REST API's for Micro-Services, Mobile and Web Applications.
Databases	Cloudant (NoSQL), DB2 (SQL) , MongoDB .
ChatBot Skills	Api.ai, wit.ai, Botkit & Microsoft bot-framework for slack/skype/messenger chatbots.
Additional Skills	Animation – Maya , Neural Networks, OAuth 2.0.

WORK HISTORY

Duration	Organization	Designation
Aug 2017- Present	PowerSchool Group LLC+ BizViz Technologies, Bangalore.	Senior Software Engineer I
Oct 2016- July 2017	Ramco Systems	System Analyst
Dec 2014 – Sept 2016	IBM India Pvt. Ltd.	Associate System Engineer

WORK EXPERIENCE**1.Unified Classroom for PowerSchool Sept 2017 – Present**

A unified portal to be used by teachers, parents, school staff & students to track and record student's overall performance and daily progress.

Role: - NodeJs, ReactJs Developer (TypeScript).

Key Responsibilities: -

1. API design & developments.
2. Microservices development & enhancements.
3. Writing Schema-Migrations & Unit Tests
4. 3rd Party API Integrations (google drive)

Technical Environment: - AWS(lambda, step functions, cloud-watch), SQL, Git, Visual Studio Code.

2.JLT ChatBot For Ramco Systems Oct 2016 – July 2017

A digital personal assistant (multi-platform chatbot) to provide HCM, logistics and other business solutions which will be used by Ramco and its clients.

Role:-ChatBot Developer.

Goal :- To make the chat-bot as smart as a personal human assistant by using famous Natural language processing tools (api.ai, wit.ai) & integrating it with famous API engines.

Key Responsibilities: -

- 1.ChatBot conversation design &development.
- 2.Research and implementation in artificial intelligence field to improve bot intelligence.
- 3.HCM APIs plus 3rd party API integration in bot.

Technical Environment: - Wit.ai, api.ai & other node modules.

3.Expert Seller May 2016 – Sept 2016

A B2B IBM content management and sharing iOS app solution using IBM BOX & Bluemix for companies(Businesses) and their clients with analytical facilities which aims to share new articles , records and files with clients in order to advertise and promote new products & services .

Role: - NodeJs Developer, Client Data Manager.

Key Responsibilities: -

1. API's management, optimization and support.
2. Implementing Push Notification for iOS apps using tag-based notification.
3. Maintaining Client Admin portal.
4. Maintaining Single Sign On and authentication module.

Technical Environment: - Bluemix (NodeJs), IBM Box, APNS (push).

4.IBM VISIT-CONNECT April 2016 – May 2016

An internal IBM event management iOS app and web solution to create and manage events which aims to update the attendees about events , sessions & their agendas along with complete descriptions in order to make the events more informative and successful .

Role: - NodeJs Developer.

Key Responsibilities: -

- 1.API's optimization by implementing cloudant query method.
- 2.Redesigning database architecture.

Technical Environment: - Bluemix (NodeJs), Cloudant Database.

5. HealthCare Tracking Db Jan 2016 – Feb 2016

A complete Backend solution for iOS apps which will be used by hospital staffs to manage tasks, patient's diagnostics, medicines, patient basic details in order to improve efficiency and reduce time loss in communication and patient data management.

Role: - NodeJs API Developer.

Key Responsibilities: -

- 1.API's Development.
2. Database Management & Design.

3. Technical Documentation.

Technical Environment: - Blue-Mix(NodeJs), Git, IBM DB2 (Database), IBM BOX (Contentmanagement).

6. Ericsson mDashBoard App Oct 2015 – Nov 2015

An iOS App based analytical solution for Ericsson Support Ticket Admins which aims to generate and display analyzed results by parsing data from Excel files to Databases by implementing specified analytical guidelines .

Role:- NodeJs Developer.

Key Responsibilities:-

1. Development of data parsing module using Excel files.
2. Development of Analytical Module.

Technical Environment: - Bluemix (NodeJs), Cloudant (NOSQL Database).

7. IBM Marketplace iOS App (Phase 1 – Apr 2015 to Aug 2015, phase 2 – Dec 2015, App Update – March 2016)

An internal IBM iOS App project & resource finding solution which aims to provide managers to find the best resource for their projects in order to improve efficiency.

Role: - NodeJs Developer

Key Responsibilities: -

1. NodeJs API Development.
2. Database Management.
3. Implementing Push Notification using APNS (Apple Push Notification System)

Technical Environment: - Bluemix (NodeJs), Cloudant(Database), APNS.

INTERNSHIPS AND TRAININGS

IBM Worklight	A 2 months Professional Training in IBM Worklight tool from Jan 2015 to Feb 2015 for gaining the understanding of HTML5,CSS3, JavaScript, Java & App Development using IBM Worklight .
MSP-430	An Advance Workshop on Embedded System Design using RISC Processor MSP-430 of TEXAS INSTRUMENTS held during Dec. 12-14,2011 .
RL-78	An Advanced Workshop on LOW POWER – ‘GREEN’ Embedded System using RL-78 of RENESAS held during Apr. 28-30,2012 .
ALTTC	A Three week Advance Training in ADVANCE LEVEL TELECOM TRAINING CENTER, GHAZIBAD – (BSNL) during Dec. 2012 .
TCIL	An Eight Week Industrial Training in Telecommunications Consultants India Ltd. (TCIL) from June 3,2013 to July 29,2013 on OPTICAL FIBRE CABLE NETWORK .
ANIMATION	A two day basic workshop on understanding the basics of animation using MAYA organized by EMANAGINEERS INDIA .

ACHIEVEMENTS

Scholastic:-

1. Secured an ALL INDIA RANK of **2323** in **AIEEE** held in 2010.
2. Have Developed backend for several iPhone and iPad Apps for Apple-IBM Garage.

3. Worked on Performance improvements for many existing IBM apps.

SUMMARY:-

Capable of working alone or working in a team in developing the backend for Android / iOS / Web Apps with a Sound knowledge of front-end technologies being used.
