<b>Database</b>	Cassandra
<b>Responsibilities</b>	<ul style="list-style-type: none"> <li>• Analyzing the Requirements from the client</li> <li>• Write and maintain robust, high performance, well-documented code</li> <li>• Participating in preparing Design Plans</li> <li>• Responding promptly and professionally to bug reports.</li> <li>• Review and repair legacy code</li> <li>• Conducting Review Meetings within the Team</li> <li>• Develop new and update existing projects</li> <li>• Collaborate with designers, artists and other engineers to deliver high quality application features that are technically sound</li> <li>• Work with Lead Engineer to plan feature implementations and estimate the resulting tasks</li> <li>• Develop and maintain knowledge of the development tools and processes, target platforms and competitive products</li> <li>• Promote a positive work environment through high personal and performance standards.</li> </ul>

<b>Project</b>	WCP(World Class Platform)
<b>Description</b>	WCP is a credit card creation platform where we receive the request for credit card creation and WCP performs various kind of business validation like documentation, cibil score etc. if all the validation is ok then request process for card generation.
<b>Language</b>	Java.
<b>Framework/Library</b>	Hibernate, Spring.
<b>Database</b>	MySql, Oracle.
<b>Responsibilities</b>	<ul style="list-style-type: none"> <li>• Requirement Analysis and Validation.</li> <li>• Designing of Software Design Document.</li> <li>• Involved in the implementation phase for developing the Action classes and JSP.</li> <li>• Preparation of unit test scenarios and unit test cases.</li> <li>• Implementation of ratings feature using JavaScript.</li> <li>• Ensuring smooth delivery of the project.</li> </ul>

<b>Project</b>	<b>No More Tension</b>
<b>Description</b>	The Mobile Application provides information about stress, which includes content with respect to Details about Stress, its Causes, Indicators and Stress Management techniques. Also, the application has a stress meter that calculates the stress level of an individual and provides solution, as per their stress level.
<b>Language</b>	Java
<b>Framework/Library</b>	Android.
<b>Database</b>	MySql.
<b>Responsibilities</b>	<ul style="list-style-type: none"> <li>• Interacting with the client to understand the project and finalize its scope.</li> <li>• Estimation, design and development of various modules.</li> <li>• Bug fixing and maintenance of the product.</li> <li>• Mentoring junior members in the team.</li> <li>• Coordinating with other teams working on the same project.</li> <li>• Ensuring smooth delivery of the project.</li> </ul>

<b>Project</b>	<b>CollabCAD</b>
<b>Description</b>	<p>CollabCAD is a 3D CAD/CAM Software system for collaborative design &amp; development of Industrial Designs. It provides a total solution from product design, numerical control, visualization, simulation, analysis to design data repository, work flow and enterprise resource planning.</p> <p>CollabCAD is an initiative of National Informatics Centre (NIC, <a href="#">Department of Information Technology</a>), Bhabha Atomic Research Centre (BARC, <a href="#">Department of Atomic Energy</a>) and Vikram Sarabhai Space Centre (<a href="#">Department of Space</a>, VSSC).</p>
<b>Language</b>	Java
<b>Framework/Library</b>	Collection, JDBC.
<b>Database</b>	MySql.
<b>Responsibilities</b>	<ul style="list-style-type: none"> <li>• Requirement Analysis and Validation</li> <li>• Designing of Software Design Documents.</li> <li>• Involved in the implementation phase for developing the Servlets classes and jsp's.</li> <li>• Involved in design and architecture of the application.</li> <li>• Participated in regular requirement and status calls with client.</li> <li>• Involved in unit testing.</li> <li>• Preparation of unit test scenarios and unit test cases</li> <li>• Status reporting to onsite team on behalf of entire team.</li> </ul>

**Educational Qualification:**

- MCA from Punjab Technical University Jalandhar in 2013.
- BCA from Punjab Technical University Jalandhar in 2011.
- I.Sc form BSIB Patna in 2008.
- 10<sup>th</sup> form BSEB Patna in 2004.

**Technical Skills:-**

<b>Development Tools</b>	Maven, Jenkins, GitHub.
<b>Framework/Library</b>	Bit Bucket, Auto Rabbit, Force.com, Spring, Hibernate, Executor, Collection.
<b>Language</b>	Sales Cloud, Sales Services, Apex, Visual Force, SSQL, Apex Triggers, Apex Workflow, Apex Data loader, Java.
<b>ORM</b>	Hibernate
<b>Database</b>	Datbase.com, MySql, Cassandra
<b>Project Management Tools</b>	Jira, Support Central.
<b>Utility Tools</b>	VS code, IntelliJ Idea, Eclipse, Force.com.

**Declaration**

I hereby declare that given here are true and complete to the best of my knowledge and belief.
